

Council Communication No. 97-261

SYNOPSIS –

A second round of formal bids for CSS-1 emulsion asphalt for street maintenance has produced a lower bid than the first round.

FISCAL IMPACT –

\$60,000 to be funded from the Street Maintenance Operating Budget, Index Code 025015.

RECOMMENDATION –

Approve the bid for an annual contract for diluted CSS-1 emulsion asphalt from Bituminous Materials and Supply, LP, 900 SE Raccoon, Owner: Omer Ohl, Vice President.

BACKGROUND –

The one bid received for this commodity in a formal bid process in March resulted in a price that was 25 percent above the estimate. Thus, staff instituted a second round of bidding, with invitations to bid mailed to the two firms in the area capable of providing this commodity. One bid was received, at only seven percent above the estimate.
