

## **Council Communication No. 97-369**

### **SYNOPSIS —**

Council authorization to proceed and authorization to acquire the necessary right-of-way and easements on the 3603 Davisson Road Storm Sewer project.

### **FISCAL IMPACT —**

Project is estimated to cost \$76,000. Funding is provided in the adopted 1997-98 Capital Improvements Program.

### **RECOMMENDATION —**

**Authorize the City Manager to proceed and to acquire the necessary right-of-way and easements on the project outlined herein.**

### **BACKGROUND —**

On March 3, 1997, by Roll Call No. 97-735, the City Council adopted the 1997-98/2002-2003 Capital Improvements Program. It is hereby requested the City Council grant authorization to proceed on the following Capital Improvements project.

Davisson Road Storm Sewer Project – City-wide Storm Water Utility Projects; Adopted CIP, page 252; Fund Code 365767 – \$76,000 estimated construction cost.

This project provides for the repair of a 36-inch storm sewer and replacement of an old brick manhole. This project will alleviate erosion of a ditch in the backyard at 3603 Davisson Road, and improve the condition of the local storm sewer system.
