RECOMMENDATION –

Approval.

BACKGROUND –

Consultants have prepared the nominations for the properties to National Register of Historic Places. The Des Moines Historic Commission has reviewed the applications and has approved all of them as worthy of inclusion on the Register. The Historic Commission has the power to review those recommendations and recommend to the City Council that they approve or disapprove the nominations that are being submitted. Such nominations are sent to the City Council from time to time as nominations are prepared, submitted, and recommended for approval.
