RECEIVE/FILE**

**FISCAL IMPACT —**

Funds for this agreement are provided for in the 1998-99 Capital Improvement Programs (CIP), Page 295, Index Code 366369, Dean’ s Lake Basin Detention and Pumping Improvements. Compensation to the consultant totals \$174,500. This project is funded by the Stormwater Utility.

**SUBMITTED BY:**

HAROLD SMITH  
CITY ENGINEER

**RECOMMENDATION —**

**Approval of the agreement with Rust Environment & Infrastructure, Inc.**

**BACKGROUND —**

The East 14th Street and East Euclid Avenue Storm Sewer and Detention Basin project will implement one of the recommendations of the July, 1984, Dean’ s Lake - East 20th Street Drainage Study. Other related projects recommended in the study and previously completed include the Guthrie, Mattern, and Washington detention basins. Construction of the detention basin at East 14th Street and East Euclid Avenue will provide for storm water management in the upper Dean’ s Lake Watershed, flood mitigation, and redevelopment of the area.
