**OFFICE OF THE CITY MANAGER
CITY OF DES MOINES, IOWA**

99-074

SYNOPSIS -

AGENDA:

MARCH 1, 1999

During the Capital Improvement Program (CIP) and Operating Budget workshops for the Engineering Department, several questions were raised regarding improvements to the storm sewer system. This report gives a historical perspective of storm sewer improvements prior to the utility-the first five years of the utility and what is projected for the next five years.
