TO MURPHY
STREET, MARTIN
LUTHER KING, JR.
PARKWAY PROJECT
CONSTRUCTION
PHASE SERVICES
SUPPLEMENTAL
AGREEMENT

On August 17, 1998, by Roll Call No. 98-2525, Council approved a Professional Services Agreement with Earth Tech, Inc., formerly Rust Environment & Infrastructure, Inc. (Joe A. Becker, Vice President, 500 SW 7th Street, Suite 301, Des Moines, IA 50309-4506), which provides for construction phase services on Tuttle Street Paving from SW 5th Street to SW 9th Street in conjunction with the Martin Luther King, Jr. Parkway Project. Supplemental Agreement No. 1 will provide for construction phase services for the paving of 6th Avenue and SW 7th Street from Mulberry Street to Murphy Street, the next phase of the Martin Luther King, Jr. Parkway Project. This will ensure conformance to Iowa Department of Transportation (IDOT) requirements.

FISCAL IMPACT -

Compensation to the consultant shall be for actual time on the project at the rates stipulated in the agreement not to exceed \$271,200.

TYPE:

RESOLUTION
ORDINANCE
RECEIVE/FILE

Funding for this supplemental agreement is provided for in the approved 1999-2000 Capital Improvements Program (CIP) Budget, Martin Luther King, Jr. Parkway-East/West Segment, Account Code 383943. State Revitalize Iowa's Sound Economy (RISE) Grant Funds and Local Tax Increment Financing (TIF) Funds will be utilized for this supplemental agreement.

SUBMITTED BY:

FLOYD BENTZ, P.E.
CITY ENGINEER

RECOMMENDATION -

Approval of Supplemental Agreement No. 1 with Earth Tech, Inc.

BACKGROUND -

On August 17, 1998, by Roll Call No. 98-2525, the City Council approved a Professional Services Agreement for construction phase services for the construction of Tuttle Street from SW 5th Street to SW 9th Street. On May 17, 1999, by Roll Call No. 99-1589, the City Council designated M. Peterson Construction Company as the lowest responsible bidder for the paving of 6th Avenue and SW 7th Street from Mulberry Street to Murphy Street.

Earth Tech, Inc. is the consultant that prepared the plans and specifications for the paving of this segment of 6th Avenue and SW 7th Street and, therefore, is best qualified to provide the construction phase services.
