On the March 4, 2002 Des Moines City Council Agenda, is an item which proposes to amend Section 2-1150 of the Des Moines Municipal Code as it affects city support staff to the Access Advisory Board.

SUBMITTED BY:

ERIC A. ANDERSON
CITY MANAGER

The current ordinance identifies the Equal Employment Opportunity (EEO) Administrator as the staff member who supports the work of the Access Advisory Board. With the coordinated effort between the Board and City staff members on the accessibility of city facilities, it is more appropriate to assign a City representative with the authority and responsibility for those City facilities as support staff to the Access Advisory Board.

To allow for the varying needs of the Access Advisory Board, the proposed amendment allows for the City Manager to designate a representative.
