BACKGROUND -

On August 31, 2000 by Roll Call No. 00-3634, the City Council approved a Predesign Agreement (Agreement No. 2001-P-028) with IDOT for I-235, from the west City limits to the north City limits. IDOT has completed the design of the bridge reconstruction. The project name is the 2nd Avenue and 3rd Street Bridge Reconstruction, and the work includes the reconstruction of bridges and streets in the

vicinity of the interchange with I-235.

The 2nd Avenue and 3rd Street Bridge Reconstruction Agreement has been negotiated with IDOT to identify the responsibilities of IDOT and the City regarding the administration, funding, and implementation of the project construction, as well as future maintenance responsibility of City facilities such as structures serving roadways. Construction is in fall 2002, and IDOT is responsible for notification of all future closures. IDOT must approve this document before work may begin.
