The City of Des Moines (City) and Iowa Department of Transportation (IDOT) have negotiated a preconstruction agreement for bridge and approaches reconstruction at 63<sup>rd</sup> Street and I-235. **RECOMMENDATION—**

Approval.

**BACKGROUND—**

On August 31, 2000 by Roll Call No. 00-3634, the City Council approved a Predesign Agreement (Agreement No. 2001-P-028) with IDOT for I-235 from the west city limits to the north city limits. IDOT has completed the design of the bridge and approaches reconstruction at 63<sup>rd</sup> Street. The work includes the reconstruction of a bridge, approaches, and streets in the I-235 corridor.

The 63<sup>rd</sup> Street Bridge and Approaches Reconstruction has been negotiated with IDOT to identify the responsibilities of IDOT and the City regarding the administration, funding, and implementation of the project construction. The City shall maintain City facilities east of the corporate line along 63<sup>rd</sup> Street. IDOT will have a Preconstruction Agreement with Windsor Heights for their facilities maintenance west of the corporate line along 63<sup>rd</sup> Street. Construction will begin in summer 2004, and IDOT is responsible for notification of all future closures. IDOT must approve this document before work may begin.
