At its September 7, 2004 meeting, the Board approved the conceptual development plan (4 in favor, 1 against and 2 abstentions) and the evidence of financing for the project.

Evidence of Financing

The estimated construction cost is \$4,800,000. Project financing is being provided by developer equity and Freedom Financial Bank (7380 Vista Dr./West Des Moines). The bank and developer have confirmed their financial participation in the project. In addition, the developer has also agreed to terms for SCI's option to purchase the ramp by January 2007.
