ADDITIONAL INFORMATION:

When the Des Moines City Council, by Ordinance No. 12,040, established the Des Moines International Airport Board, one of the responsibilities given to the Board was to "prepare and deliver to the City Council an annual report covering program activities and financial status." On September 7, 1994, by Resolution No. A94-234, the Airport Board directed that this report be prepared in a simple, easy to read format. The FY 2006 report, like past annual reports produced since 1994, is a result of the Board's direction.

The FY 2006 report provides a formal summary of the Aviation Department's significant accomplishments, public improvements, and construction projects. It also details major events that occurred at the Airport over the previous fiscal year. The FY 2006 report includes key financial and operating information as well.

A hard copy of the report has been submitted for review by Council members. Universal Printing (2828 5th Ave, Des Moines, IA) printed the report. In addition, the public may review the report electronically via the Airport's website at the following address: http://www.dsairport.com/AboutUs/Annual_Report.htm.
