Rutt, President, 39352 221st Avenue, LeCenter, MN, 56057 \$428,385.

SYNOPSIS:

This is a public hearing to allow for public input on the 2007 Designated Neighborhood Sidewalk Replacement - Contract 1 and take the necessary actions as required by Iowa Code to authorize a contract for construction of the proposed project. This project provides for the replacement of sidewalks in the Waterbury Neighborhood under the Neighborhood Infrastructure Rehabilitation Program (NIRP), which provides for rehabilitation of right-of-way infrastructure in designated neighborhoods. The NIRP program has been instrumental in the implementation of designated neighborhood plans not only by upgrading the infrastructure in residential areas, but also by creating a visual impact which enhances the housing rehabilitation component of the City's Neighborhood Revitalization Program and increases property values. Additionally, the program accelerates actual construction by eliminating the assessment process. Eligible neighborhoods are chosen through the Neighborhood Selection process, which is administered by the Community Development Department, and the project is adjusted to meet the neighborhood's needs and requests.

FISCAL IMPACT:

Amount: \$428,385 Construction Contract (\$446,690 City Engineer's Estimate)
