SYNOPSIS:

Recommend approval of submission of a grant application to the Greater Des Moines Community Foundation (1915 Grand Ave., Des Moines, IA , Johnny Danos, President) for up to \$15,000 to fund a digital model of downtown Des Moines. This model will permit the City's downtown consultant, Erin Olson-Douglas, AIA, to show three dimensional views of concepts proposed in the downtown plan. The model is also expected to serve as a tool for assessing future development proposals in the downtown area.

FISCAL IMPACT:

The Greater Des Moines Community Foundation grant, if awarded, would cover costs associated with the digital model.

Amount: Up to \$15,000 (grant proceeds if awarded)

ADDITIONAL INFORMATION:

The Council recently extended Olson-Douglas's consultant services contract for the downtown to June 2008. As part of those services, she has identified a high quality digital model of the downtown as a key component to analyzing and communicating planned conditions in the downtown area.
