Hearing on 2008 Designated Neighborhood Sidewalk Replacement Program: Resolution approving plans, specifications, form of contract documents, engineer's estimate, receive and file bids, and designating lowest responsible bidder as T K Concrete Inc., Tony J. VerMeer, President, \$153,600.

SYNOPSIS:

This is a public hearing to allow for public input on the 2008 Designated Neighborhood Sidewalk Replacement Program and take the necessary actions as required by Iowa Code to authorize a contract for construction of the proposed project. This project provides for the replacement of defective sidewalks under the Neighborhood Infrastructure Rehabilitation Program (NIRP), which provides for rehabilitation of right-of-way infrastructure in designated neighborhoods. The NIRP program has been instrumental in the implementation of designated neighborhood plans not only by upgrading the infrastructure in residential areas, but also by creating a visual impact which enhances the housing rehabilitation component of the City's Neighborhood Revitalization Program and increases property values. Eligible neighborhoods are chosen through the Neighborhood Selection process, which is administered by the Community Development Department, and the project is adjusted to meet the neighborhoods' needs and requests.
