ADDITIONAL INFORMATION:

When the Des Moines City Council, by Ordinance No. 12,040, established the Des Moines International Airport Board, one of the responsibilities given to the Board was to "prepare and deliver to the City Council an annual report covering program activities and financial status"

On September 7, 1994, by Resolution No. A94-234, the Airport Board directed that an Annual Report be prepared in simple, easy to read format. This report is a result of that direction. Each year since that time, the Aviation Department has prepared a formal summary of its significant accomplishments, public improvements, construction projects, and major events occurring at the Airport over the previous fiscal year. Selected financial and operating information has been summarized and reviewed with this report as well.

A hard copy of the report is included for review by the Council members; in addition, the report may be viewed electronically via the Airport's website at the following address:
