ADDITIONAL INFORMATION:

The Police Department has submitted applications in 2005, 2007, 2008, and 2009 Secure Our Schools grant program administered by the Office of Community Oriented Policing Services (COPS), U.S. Department of Justice. Funds were granted in 2005, 2007 and 2008 and allowed recipients the opportunity to establish a variety of school safety equipment and/or programs to encourage the continuation of school safety efforts within their communities.

In discussions with representatives of the Des Moines Independent School District, a decision was made to move forward with a request for 2010 grant funds. The School District agrees to provide the cash match required for this grant and the Police Department agrees to administer the grant.

The Des Moines Emergency Response/Crisis Management Advisory Council, of which the School District and the Police Department are members, retained the URS Corporation to complete a Physical

Security Audit and upon completion identified electronic card readers, exterior security lighting, motion detection system, security cameras and double cylinder locks as priorities in their security/safety assessment. These systems would greatly increase the capacity of the Police Department and the School District to reduce crime and violence in and around various Des Moines Public Schools.
