AGENDA HEADING:

Amending Chapter 114 of the Municipal Code regarding traffic regulation changes as follows:

- A. Parking revisions around new Wellmark Building.
- B. Code Revisions for East M. L. King, Jr. Parkway, Indianola Avenue and other traffic control changes.

SYNOPSIS:

Recommend approval of the Traffic Safety Committee recommendations, including first reading of the Ordinance regarding the traffic regulation changes.

FISCAL IMPACT:

Amount: Minor costs for signing modifications.

Funding Source: 2010-2011 Operating Budget, Page 96, Engineering Department Traffic & Transportation - Sign Installation and Maintenance, ENG100413.

ADDITIONAL INFORMATION:

- A. In coordination with the completion of the new Wellmark Building, the Traffic and Transportation Division recommends some changes to the on-street parking around this new building. In several areas we recommend removing existing rush-hour restrictions because parking insets have been constructed that will remove parked cars from areas in the street that could be used as traffic lanes.

Because of the strong demand for employee parking in this area by employees at Principal, Qwest, and Methodist Hospital, a significant number of these new on-street parking spaces are recommended to be changed to 10-hour parking meters. There will still be a good supply of four-hour meters retained for area retail customers and users of the Des Moines Public Library. All of the reinstated meters will include the new SmartCard feature, further expanding this very successful program.

The following ordinance changes are recommended:
