Approving reduction of staff in the Aviation Department.

**SYNOPSIS:**

Recommend approval and authorize the City Manager to implement the diminution of 67 positions, including 63 Civil Service employees within the Aviation Department.

**FISCAL IMPACT:**

Amount: None. Transfer of fiscal responsibility from Airport enterprise to Des Moines Airport Authority.

Funding Source: Des Moines Airport Authority

**ADDITIONAL INFORMATION:**

On December 20, 2010, the City Council set a date of hearing on a proposal to create an airport authority pursuant to Iowa Code chapter 330A and a notice of the hearing was published on December 24, 2010, in the Des Moines Register. On January 10, 2011, the City Council held a public hearing on the proposal and by Resolution No. 11-0064 the Council determined it to be in the best interests of the city to proceed with creation of an airport authority. The City Council on February 14, 2011, adopted Ordinance No. 14,989 creating the Des Moines Airport Authority in accordance with Iowa Code chapter 330A. The next steps involve the transfer of the aviation facilities and airport employees to the Authority.

In another item on today’s agenda, is a proposal to enter into three agreements to carry out the transfer to the Authority is before the Council. One of those documents, the Agreement Between the City of Des Moines and the Des Moines Airport Authority for the Provision of City Services, contains the following section:

**SECTION 15: EMPLOYEES**

All City employees who work at the Airport will be employed by the Authority with the same compensation and benefits that each employee held with the City at the time of their transfer. The City will be responsible for all compensation and benefits incurred or accrued during a period when an employee was employed in a department of the city other than the Aviation Department prior to the transfer.

City staff worked with employee union representatives and reached agreement on amending the union contracts to accomplish transition of the employees to the Authority “with the same compensation and

benefits that each employee held with the City at the time of their transfer”.

Immediately after the layoffs take place, the Authority will hire the affected employees. The diminution of positions needs Council authorization to layoff the affected employees pursuant to Iowa Code section 400.28, under which the city council is authorized to reduce the number of employees in a classification and that action will not give rise to an appeal challenging that action before the civil service commission. It is expected that the general layoff date will be November 13, 2011, which is the end of a regular pay period. The Authority will then hire the employees at the start of the pay period beginning November 14, 2011. The 63 Civil Service employees being laid-off from the City are:
