**AGENDA HEADING:**

Release of a Planned Unit Development (PUD) Restoration Bond for Airport Business Park Plat 3.

**SYNOPSIS:**

Recommend the release of the original PUD restoration bond No. 929524782 in the amount of \$130,380 for the Airport Business Park Plat 3 subdivision, located in the vicinity of 7425 SW 34th Street, since completion of grading and site restoration has been satisfactorily performed.

**FISCAL IMPACT: NONE**

**ADDITIONAL INFORMATION:**

When a property is zoned PUD, a PUD restoration bond must be approved by the City Council before the grading permit can be issued. This is done to ensure that the required grading and ground surface restoration are completed in a timely manner. The Engineering Department had determined that a restoration bond in the amount of \$130,830 was required for this project for grading, filter socks / silt fence, seeding, mulching, silt basin outlets and Engineering Department administrative and inspection costs. This bond shall be released once the grading and ground surface restoration is completed.

Upon inspection of the site by Engineering staff in the Spring of 2012, it was determined that the restoration bond could be released since all grading and ground surface restoration work has been completed.

The Airport Business Park development consists of five commercial lots on 69.1 acres, and the construction of a 300,000 square foot logistics facility on behalf of their tenant, Hewlett-Packard. The property has been developed by ABC Partners/Army Post Development, LC, Richard B. Margulies, President, 2100 Westown Parkway, Suite 220, West Des Moines, Iowa 50265 and Opus Development Corporation, 1200 35th Street, Suite 206-211, West Des Moines, Iowa 50265.
