	<b>Submitted by:</b>	<b>Jeb E. Brewer, P.E. City Engineer</b>

**AGENDA HEADING:**

Public hearing upon further application of Crown Cab Co. for Certificate of Public Convenience and Necessity to Operate a Taxicab Service in the City of Des Moines.

**SYNOPSIS:**

Magarsa Jana, d/b/a Crown Cab Co., 3816 36th Street, Des Moines, Iowa, had applied for a Certificate of Public Convenience and Necessity to operate a taxicab service in the City of Des Moines, with a total of six (6) vehicles on September 24, 2012, but was denied by Roll Call No. 12-1515. Crown Cab Co. has resubmitted an application for a certificate of public convenience and necessity to operate a taxicab service, which further details the experience of the applicant to demonstrate their ability to be fit to perform such public transportation and conform to the provisions of the subchapter. Crown Cab Co. has provided a complete application for a certificate of public convenience and necessity, and submitted supplemental information regarding their financial, business, and existing taxicab operation. Staff review of the application and the liability insurance certificate determined that Crown Cab Co. has met the requirements for providing taxicab service. Based on a thorough review of all the information submitted, staff believes that Crown Cab Co. is fit, willing and able to provide public transportation as a taxicab company.

As required by ordinance, the City Council shall consider the number of taxicabs already in operation, and other factors in determining public convenience and necessity. The Council determined on September 24, 2012, that additional taxicab service was not required for public convenience and necessity.

**FISCAL IMPACT:**

Amount: The ordinance provides for annual license fees of \$250 per company and \$75 per vehicle.

Funding Source: Revenue to 2012-2013 Operating Budget, Page 82 Engineering Department, Ordinance Accident Investigation, ENG100419.

**ADDITIONAL INFORMATION:**

Taxicab Companies in Des Moines

Des Moines has for many years regulated taxicab service, with entry qualifications for both drivers and companies and a determination of the need for additional taxicab service. Prior to operating on the streets of Des Moines, any taxicab company must obtain a “Certificate of Public Convenience and

Necessity” as well as an annual company license and annual license for each vehicle. A certificate can only be issued after the City Council has held a public hearing and considered the information from the applicant. If the Council determines that further taxicab service is required for the public convenience and necessity, and that the applicant is fit, willing, and able to provide public transportation, then they direct the city traffic engineer to issue a certificate. If the Council denies the application, they must state the reason for the denial.

The current regulations require that a taxicab company must provide an overall service to the public, and further require that they shall: maintain a central place of business, properly zoned; provide taxicab service to the public 24 hours a day, seven days a week and have a phone that is answered 24 hours a day, seven days a week; dispatch taxicabs using any method which accurately records and retains detailed information about each call for service and each trip; answer all calls for service inside the city; provide a minimum of six (6) qualified drivers and five (5) qualified vehicles, with a minimum of four (4) vehicles available to respond into operation at all times; and cannot refuse to accept a call or deny service to any orderly passenger; along with a number of other requirements. These requirements are in close conformance with the recommendations of the Taxicab, Limousine, and Para transit Association, and are important in having quality taxicab service for the public, including service in residential neighborhoods, for short trips and to elderly, frail, or disabled passengers.

The current regulations also require that any taxicab vehicle comply with the Motor Vehicle Code, State and City laws; be clean and sanitary, inside and outside; be in excellent mechanical condition, with no defects; properly inflated, safe tires; have a maximum age of 10 years (based on model year of production); shall include all standard safety features to be in proper working order, and some other requirements.

#### Taxicab Service in Des Moines

Des Moines has historically not limited the number of taxicabs or taxicab companies that obtain a certificate, but has used the entry qualifications for drivers and companies to enhance the safety of passengers, ensure that a fair price is charged for the service, and to provide quality taxicab service for all segments of the public.

There are currently five (5) holders of certificates to operate taxicab service in Des Moines: Yellow Cab has been in operation for over 90 years in Des Moines, and operated 45 cabs at the end of 2011; Capitol Cab has been in operation for over 55 years in Des Moines, with 55 cabs at the end of 2011; Freedom Cab has operated in Des Moines since May of 2009, with a total of eight (8) cabs; City Cab has operated since May of 2011, with a total of five (5) cabs; and United Cab has operated since October of 2010, with a total of ten (10) cabs. The total equates to 123 cabs for the Des Moines metro area of approximately 450,000 residents.

Section 126-186 provides if the Council finds at the conclusion of the public hearing that further taxicab service in the City of Des Moines, or between any point or points in the City and elsewhere, is required by the public convenience and necessity and the applicant is fit, willing, and able to perform such public transportation and to conform to the provisions of the subchapter, then the Council shall direct the City Traffic Engineer to issue a certificate stating the name and address of the applicant, the number of vehicles authorized under said certificate and the date of issuance; otherwise the section provides the application shall be denied.

Section 126-186(a) provides that in making the findings of subsection (b) of said section, the Council shall take into consideration the number of taxicabs already in operation, whether existing transportation is adequate to meet the public need, the probable effect of increased service on local

traffic conditions, and the character, experience, and responsibility of the applicant.

**PREVIOUS COUNCIL ACTION(S):**

Date: November 19, 2012

Roll Call Number: [12-1763](#)

Action: [On](#) Application for Certificate of Public Convenience and Necessity by Crown Cab Co., Magarsa Jana, to operate a taxicab service with five vehicles, (12-3-12). Moved by Hensley to adopt; refer to the City Manager and City Attorney for review and recommendation regarding possible amendment to the ordinance to require a waiting period for re-application. Motion Carried 7-0.

Date: September 24, 2012

Roll Call Number: [12-1515](#)

Action: [On](#) Application of Certificate of Public Convenience and Necessity by Crown Cab Co., Magarsa Jana, to operate a taxicab service with five vehicles. ([Council Communication No. 12-519](#)) Moved by Hensley that the application for a certificate of public convenience and necessity to operate a taxicab service be hereby denied it being the finding of this City Council of the City of Des Moines that such service is not required by the public convenience and necessity, and/or that the applicant is unfit to perform such public transportation and unable to conform to the provisions of the subchapter, all as shown by the evidence brought forth at the public hearing. Motion Carried 6-1. Nays: Mahaffey.

Date: September 10, 2012
