	Agenda Item No. 31 Roll Call No. <u>14-0859</u> Communication No. <u>14-273</u> Submitted by: Matthew A. Anderson, Assistant City Manager

AGENDA HEADING:

Amendment of Development Agreement and related documents to provide for transfer of ownership entity for redevelopment and consent to amendment of condominium documents for 900 Cherry Street (Des Moines Social Club).

SYNOPSIS:

The Des Moines Social Club (DMSC) (Zachary Mannheimer, Executive Director, 900 Cherry Street, Des Moines, IA) is requesting the transfer of the ownership entity for the former central fire station property from the Des Moines Social Club to a new entity known as DMSC Building as required by the federal New Markets Tax Credits program, which is providing additional project financing; this will require amendment of the Development Agreement between the City and the DMSC and related documents. This is purely a legal change and will in no way impact the DMSC’s operations.

The DMSC is also requesting consent from the City to an amendment to the condominium declaration documents.

Both items are recommended for approval.

FISCAL IMPACT: NONE

ADDITIONAL INFORMATION:

In December 2012, the DMSC purchased the former central fire station property at 900 Mulberry Street from the City to reuse the property as an arts incubator providing a wide range of arts, cultural, and educational events. As part of its financing, DMSC has obtained federal New Markets Tax Credits, which require a new ownership entity for federal tax purposes. This entity – DMSC Building – has been created as a wholly-owned non-profit holding company of the DMSC. Various documents relating to the sale of the property now need to be amended to reflect the new ownership. The proposed amendments to allow for the necessary property transactions related to obtaining the New Market Tax Credits for project financing are appropriate.

In addition, the owners have created a horizontal property regime to create six (6) commercial condominium units, which was previously approved by the City as part of the Development Agreement. The lenders are requiring an amendment to the condominium documents to clarify that an owners association is not needed at the present time since all condo units will continue to be owned by the same entity after closing. The proposed amendment to the condominium documents requires the City consent, which is recommended.
