**ADDITIONAL INFORMATION:**

On May 9, 2016, by Roll Call No. 16-0811, City Council awarded a contract to Des Moines Asphalt & Paving for the 56th Street Rehabilitation from Grand Avenue to Ingersoll Avenue.

The rehabilitation of 56th Street from Grand Avenue to Ingersoll Avenue was designed to remove and replace four (4) inches of hot mix asphalt on an existing Portland cement concrete base. The plans designated and anticipated that the existing concrete base would need repair prior to installation of the hot mix asphalt overlay. After removal of the existing hot mix asphalt, the extent of repair to the concrete base was greater than originally planned. Failed areas of the existing concrete base were removed and patched prior to installation of the new hot mix asphalt overlay.
