ADDITIONAL INFORMATION:

1. Property Insurance – Travelers submitted a premium renewal quote of \$462,889, which is a decrease of \$50,330 over the expiring premium. This policy continues to include flood coverage in Zones other than A or V, up to \$5,000,000 with a \$250,000 or \$500,000 deductible,

depending on the flood zone. The flood deductible is partially off-set by the purchase of National Flood Insurance at certain high risk locations that have sustained flood losses in prior years (see item #6).

2. Enterprise Fund Automobile Liability Insurance – Travelers submitted a premium renewal quote of \$67,355 which is an increase of \$7,812 compared to the premium last year. The increase is due to a higher number of units covered under this policy and to adverse loss experience. This policy for Automobile Liability insurance covers Solid Waste Collection and Recycling, Sanitary Sewers, Storm Water Utility, and Housing Services vehicles.
3. Excess Liability Insurance – In 2016, Council approved the premium quote of \$173,632 from Allied World, which was a decrease of \$13,468 compared to the 2015 expiring policy. This increased by \$603 for 2017. The total premium is \$174,235. This policy provides a per occurrence and aggregate policy limit of \$10 million for General Liability, Auto Liability, Law Enforcement Liability, and Public Officials Liability. The City’s self-insured retention under this policy remains at \$2,000,000.
4. HazMat/Mutual Aid Workers Compensation Insurance – The renewal quote for this coverage is \$38,107, which is an increase of \$2,841 compared to the expiring policy. The distinction between the HazMat/Mutual Aid Occupational Injury Insurance policies and the Excess Workers Compensation Insurance policy described below is that the HazMat/Mutual Aid Insurance covers Fire Department personnel during a response to mutual aid requests. This coverage extends from the time Fire Department personnel leave their station to the time they return. This policy covers the \$1,100,000 self-insured retention included in the Excess Workers Compensation policy. The cost of this coverage is apportioned to those counties having HazMat Services 28E Agreements with the City. Therefore, this coverage is cost-neutral to the City.
5. Excess Workers Compensation Insurance – Safety National submitted a premium renewal quote option of \$389,204, which is an increase of \$8,692 compared to the expiring policy. Estimated payrolls for the City are up 2.3% this year and the rate is flat, resulting in a 2.3% increase in premium. The City purchases Excess Workers Compensation Insurance to cover employee occupational injuries that exceed the City’s current \$1,100,000 self-insured retention. This policy covers the indemnity (present and future lost wages) and medical expenses related to occupational injuries incurred by City employees. Only medical expenses are covered for Police and Fire personnel because their indemnity expenses are covered under Chapter 411 of the Code of Iowa by the Municipal Fire & Police Retirement System of Iowa.
6. National Flood Insurance – The City purchases flood insurance through the National Flood Insurance Program (NFIP). The renewal quote for this year is \$54,452. This is a decrease of \$1,879 compared to the expiring policy. To maintain FEMA reimbursement eligible, flood insurance is required on the Animal Shelter, Birdland Aquatic Center, the Birdland Aquatic Center Filter Building, City Hall, the Armory, and Principal Park. At most locations, the limit is the maximum coverage available under the NFIP, \$500,000 for each building and \$500,000 at each location for contents. NFIP coverage must be maintained if there is ever a need to make a FEMA claim.
7. Crime Insurance – Travelers submitted a premium renewal quote of \$18,500, which remains unchanged, compared to the expiring policy. This policy covers potential losses due to Employee Theft, Forgery, Robbery, Computer Fraud, etc.
