ADDITIONAL INFORMATION:

- The purpose of the Public Housing ROSS Service Coordinators program is to provide funding for the provision of a Service Coordinator to coordinate supportive services and other activities designed to help public housing residents attain economic and housing self-sufficiency. This program works to promote the development of local strategies to coordinate the use of assistance under the Public Housing program with public and private resources, for supportive services and resident empowerment activities. These services should enable participating families to increase earned income, reduce or eliminate the need for welfare assistance, and to make progress toward achieving economic independence and housing self-sufficiency.
- DMMHA was most recently awarded the ROSS Service Coordinators program 3-year grant funding in fiscal year (FY)2014 which covers the salary of a full-time Family Service Coordinator. A Service Coordinator ensures that program participants are linked to the supportive services they need to achieve self-sufficiency or to remain independent. The ROSS Service Coordinator grant will provide 3-year funding, including administrative expenses and training as eligible uses of the funds and requires a 25% match by statute. The Agency’s 25% match will come from in-kind services provided by various community social service agencies.

- In year one (1) of the FY2014 grant reporting period, 212 residents were directly served by the ROSS Coordinator, and were provided 2,242 referrals. In year two (2) of the FY2014 grant reporting period, 224 residents were served by the ROSS Coordinator and were provided 2,664 referrals.
