SYNOPSIS:

Recommend approving the purchase of two (2) replacement asphalt patching equipment bodies to be installed in existing City dump trucks for use by the Department of Public Works from Henderson Products Inc. (916 South 10th Street, Manchester, IA 52057, John Sievert, President), in the amount of \$220,502 utilizing Sourcewell contract # 052417-PBL.

Amount: \$220,502

ADDITIONAL INFORMATION:

- Two (2) existing pull behind trailer mounted asphalt patching units that exceed replacement criteria were approved for replacement by the Fleet Oversight Committee (FOC) in the Finance Department's 5-year replacement plan. The recommended replacement units will be installed in existing City dump trucks and have expanded capability over existing equipment and will result in lower costs of operation, increased efficiency, and increased employee safety.
- The technology of self-contained "drop in" units provides greater utilization of existing heavy-duty truck chassis with dump boxes when compared to stand alone trailer mounted equipment.
