**AGENDA HEADING:**

Public hearing for approval of the proposed 2022 Action Plan as part of the U.S. Department of Housing and Urban Development (HUD) 2020-2024 Consolidated Plan.

**SYNOPSIS:**

As a recipient of federal grant funding from HUD, the City of Des Moines is required to submit an Annual Action Plan as an update to its 5-year Consolidated Plan. The Annual Action Plan details how the City of Des Moines intends to use its federal funds. The HUD funding includes Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG). This Council action is for the City of Des Moines regular federal funding allocation; it does not include any additional funds or special programming in response to COVID-19.

One (1) requirement before submitting the Consolidated Plan is to obtain public input about the plan. This public hearing is the final opportunity for the public to submit comments.

**FISCAL IMPACT:**

Amount: \$3,888,182 in CDBG; \$981,236 in HOME; and \$323,465 in ESG

- Public facilities and infrastructure improvements in 2022 will include upgrades to Evergreen Park as well as other publicly owned facilities and infrastructure such as streets, sidewalks, and streetscapes in low- and moderate-income areas of Des Moines.
- Public services include three (3) activities. First, \$100,000 will be allocated to the Des Moines Municipal Housing Authority to staff its homebuyer education and counseling program for tenants moving into homeownership. Second, \$100,000 will be allocated to IMPACT Community Action Agency for their operations to assist low- and moderate-income clients with a range of services such as the Low-Income Heating and Energy Assistance Program (LIHEAP), accessing food assistance, and housing assistance. Finally, public services will also include an allocation to Central Iowa Shelter and Services (CISS) for \$375,000 for operations.
- HOME Activities include \$350,000 allocated to Greater Des Moines Habitat for Humanity to construct at least 10 homeownership units for low-income homebuyers. The remaining \$98,113 will be allocated to rental development projects with site preparation funded by CDBG.
- Community Housing Development Organization (CHDO) Activities is the allocation to HOME, Inc. to develop two (2) homeownership units for low-income homebuyers.
- The ESG Program and Administration will include activities to address homelessness, including rapid rehousing and emergency shelter. Funds are allocated to service providers by a local competitive grant process, facilitated by Homeward, which was formerly known as Polk County Continuum of Care.
- Each program mentioned in the Consolidated Plan—CDBG, HOME, and ESG—has a different focus. CDBG funding is the most diverse funding stream. It provides decent housing and suitable living environments and expands economic opportunities, principally for low- and moderate-income persons. The HOME program funds housing projects, often in partnership with local nonprofit groups, including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people. ESG is intended to assist people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness.
