Second by Gatto. Motion Carried 6-1. Absent: Sheumaker.**
- [23-1198](#) 35. **On** appeal of Midwest Radio, Inc. (Rich Eychaner, Owner) on a denial of Type 2 Design Alternatives for a site plan on property located at 3839 Merle Hay Road. **Moved by Voss to APPROVE the proposed Type 2 Design Alternative in form requested by Midwest Radio, Inc. and described above, and to make the following findings of fact in support of approval of the proposed Type 2 Design Alternative: a. Under Municipal Code Section 135-2.8.3.A.9, a commercial center is permitted driveway access one (1) per every three-hundred (300) ft of primary and non-primary frontage. b. 3839 Merle Hay Road contains a commercial building that is used for various purposes including office, retail, restaurant, and bar uses. c. Midwest Radio, Inc. provides the reason for maintaining the three (3) existing access driveways is to prevent accessibility concerns to and from the building, but also assist patrons in locating the main entrance to access the offices on the elevated levels of the building. d. The above-stated facts specific to the site reduce the accessibility concerns from Midwest Radio, Inc. with no changes to the existing three (3) existing access driveways. e. Midwest Radio, Inc.’s proposal for the Type 2 Design Alternative to the requirements of Section 135-2.8.3.A.9 are for full waiver, resulting in the retention of the middle of three (3) existing access driveways along Merle Hay Road, based on preference to meet accessibility needs. f. Midwest Radio, Inc. has met the burden required to demonstrate that the requested design alternative meets the criteria for approval and that the result of the design alternatives would equal or exceed the result of strict compliance with Section 135-2.8.3.A.9 of the Planning and Design Ordinance. g. Midwest Radio, Inc. has shown that the requested design alternative is consistent with all relevant purpose and intent statements of the**

Planning and Design Ordinance and with the general purpose and intent of the comprehensive plan. h. Midwest Radio, Inc. has shown that the requested design alternative will not have a substantial or undue adverse effect on the public health, safety, and general welfare. i. Said Type 2 Design Alternative, in form requested by Midwest Radio, Inc., should be, and hereby, approved for the above-stated reasons and incorporated into the approved Site Plan for the Property. Second by Gatto. Motion Carried 6-1. Absent: Sheumaker.

[23-1199](#)

36. **On** appeal of Larry Keul on a denial of Type 2 Design Alternatives for a site plan on property located at 4424 SE 14th Street. **Moved by Gatto to APPROVE the proposed Site Plan and Type 2 Design Alternatives in form requested by Larry Kuel and described above, and to make the following findings of fact in support of approval of the proposed Type 2 Design Alternatives:** a. Appeal concerning Municipal Code Sections 135-2.6.3.A.9 and 135-6.12.2.B: i. Under Municipal Code Sections 135-2.6.3.A.9 and 135-6.12.2.B, a commercial cottage is permitted driveway access through the following hierarchy: they are permitted driveway access through an improved alley; if no improved alley exists or is planned, they are allowed one driveway off each non-primary street; if no alley or nonprimary street exists, they are allowed one driveway off a primary street with approval of city engineer. ii. The subject property is located on a corner lot (intersection of Emma Avenue and Southeast 14th Street). Southeast 14th Street is the primary street for this site. Emma Avenue is the non-primary street. iii. Larry Kuel provides the reason for maintaining the three (3) existing access driveways is to prevent accessibility concerns to and from the site. iv. Larry Kuel's proposal for the Type 2 Design Alternative to the requirements of Sections 135-2.6.3.A.9 and 135-6.12.2.B are for full waiver, resulting in preservation of the two (2) accesses off of Southeast 14th Street and an one (1) access off of Emma Avenue for a total of 3 access drives into the site, and it is based on a preference to address accessibility needs. b. Appeal concerning Municipal Code Sections 135-7.5.3, 135-7.7.2, and 135-7.9: i. Municipal Code Sections 135-7.5.3, 135-7.7.2, and 135-7.9 defines various landscaping requirements for all proposed site plans as defined above. These requirements include a mix of street trees (trees placed within the right-of-way), landscaped buffering of parking lots from public rights of way, and landscaping within the interior of parking lots. ii. Larry Kuel's proposal for the Type 2 Design Alternative to the requirements of Sections 135-7.5.3, 135-7.7.2, and 135-7.9 are for full waiver, resulting in preservation of the existing paved parking lot with no street trees, no interior parking lot islands, and no establishment of a pavement setback on the site, and based on needs to keep existing parking lot and provide adequate parking without impacting street parking around site. c. Larry Kuel has met the burden required to demonstrate that the requested design alternatives meet the criteria for approval and that the result of the design alternatives would equal or exceed the result of strict compliance with Sections 135-2.6.3.A.9, 135-6.12.2.B, 135-7.5.3, 135-7.7.2, and 135-7.9 of the Planning and Design Ordinance. d. Larry Kuel has shown that the requested design alternatives are consistent with all relevant purpose and intent statements of the Planning and Design Ordinance and with the general purpose and intent of the comprehensive plan. e. Larry Kuel has shown that the requested design alternatives will not have a substantial or undue adverse effect on the public health, safety, and general welfare. f. Said Type 2 Design Alternatives, in form requested by

Larry Kuel, should be, and hereby, approved for the above-stated reasons and incorporated into the approved Site Plan for the Property. Landscaping requirements for the Site Plan shall be so approved in form as the presented Landscaping Plan, per City Staff comment and review. Second by Westergaard. Motion Carried 5-1-1. Nays: Mandelbaum. Absent: Sheumaker.
