APPROVAL of a request from S&G Real Estate (owner) for property located at 2601 East Market Street that the proposed rezoning be found not in conformance with the existing Des Moines' 2020 Community Character Plan's General Industrial designation, approval of an amendment to the Des Moines' 2020 Community Character Plan to revise the future land use designation from General Industrial to Low-Density Residential and approval of the request to rezone the property to "R1-60" One-Family Low-Density Residential District subject to the applicant agreeing to the following conditions: ZON2009-00222 & 21-2009-4.12

1. Any new dwelling or addition to the existing dwelling on the subject property shall be kept at least 25 feet from the west property line.
2. Any new single-family dwelling constructed shall meet the following design requirements:
 - (a) Have a minimum of 1,200 square feet of living area exclusive of any attached garage.
 - (b) Have an attached or detached garage for parking of at least two vehicles.
 - (c) Have either an open roofed front porch or shall have at least 40% of the front façade comprised of brick, stone or block masonry material.
 - (d) All exterior siding material shall be masonry, stone, cement board or minimum 42 mil thickness vinyl.
 - (e) All exterior roofing material shall architectural asphalt shingles.

Written Responses

- 2 In Opposition

STAFF RECOMMENDATION TO THE P&Z COMMISSION

Part A) Staff recommends that the proposed rezoning be found not in conformance with the existing Des Moines' 2020 Community Character Plan's General Industrial designation.

Part B) Staff recommends approval of an amendment to the Des Moines' 2020 Community Character Plan to revise the future land use designation from General Industrial to Low-Density Residential.

Part C) Staff recommends approval of the request to rezone the property to "R1-60" One-Family Low-Density Residential District subject to the applicant agreeing to the following condition:

1. Any new dwelling or addition to the existing dwelling on the subject property shall be kept at least 25 feet from the west property line.
2. Any new single-family dwelling constructed shall meet the following design requirements:
 - (a) Have a minimum of 1,200 square feet of living area exclusive of any attached garage.
 - (b) Have an attached or detached garage for parking of at least two vehicles.
 - (c) Have either an open roofed front porch or shall have at least 40% of the front façade comprised of brick, stone or block masonry material.
 - (d) All exterior siding material shall be masonry, stone, cement board or minimum 42 mil thickness vinyl.
 - (e) All exterior roofing material shall architectural asphalt shingles.

STAFF REPORT

I. GENERAL INFORMATION

1. **Purpose of Request:** The applicant is seeking to rezone to allow the single-family dwelling on the property to be rebuilt if destroyed beyond 60% of its current value.
2. **Size of Site:** The subject parcel is 174-feet by 132-feet or 22,970 square feet total. A 58-feet by 132-feet or 7,656 square feet portion containing a majority of the single-family dwelling is within property that is zoned "M-1" Light Industrial.
3. **Existing Zoning (site):** "M-1" Light Industrial District and "R1-60" One-Family Low-Density Residential District.
4. **Existing Land Use (site):** Single-family dwelling with primary entrance oriented to the west toward vacated and undeveloped land.
5. **Adjacent Land Use and Zoning:**
 - North** – "M-2", Use is Capitol City Boiler service and repair.
 - South** - "M-2", Use is a single-family dwelling.
 - East** - "R1-60", Uses are single-family residential dwellings and undeveloped land.
 - West** – "M-2", Use is Titan Tire manufacturing.

6. **General Neighborhood/Area Land Uses:** The surrounding neighborhood area is a transition between the heavy industrial uses to the west and north and the single-family neighborhood to the east.
7. **Applicable Recognized Neighborhood(s):** N/A. Formerly recognized as Chesterfield Neighborhood.
8. **Relevant Zoning History:** N/A.
9. **2020 Community Character Land Use Plan Designation:** General Industrial.
10. **Applicable Regulations:** The Commission reviews all proposals to amend zoning regulations or zoning district boundaries within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in §414.3 of the Iowa Code. The Commission may recommend that certain conditions be applied to the subject property if the property owner agrees in writing, in addition to the existing regulations. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. **Landscaping & Buffering:** In reviewing the requested rezoning staff has concern for the long range need to provide a transition between the heavy industrial tire manufacturing use to the west and the residential neighborhood to the east. The current zoning would not allow residential redevelopment of the property if the existing dwelling is removed or destroyed. Therefore, any redevelopment of the property under industrial zoning would require a 50-foot setback and a buffer yard to protect the neighborhood to east.

If the property is rezoned to allow the continuance of residential use, staff believes there should be safeguards required for any future residential development. Any new dwelling should be set back at least 25 feet from the "M" District boundary to the west. This would allow a dwelling to be rebuilt, but would require it to be placed further away from the industrial development.

2. **2020 Community Character Plan:** The Des Moines' 2020 Community Character Plan designates the subject property as General Industrial. This designation must be amended to the Low Density Residential to allow for the requested rezoning. The Des Moines' 2020 Community Character has the following policies in reference to the General Industrial typology which are relevant to the subject request.
 - Allow for a limited amount of heavy industrial uses where appropriate, but minimize negative impacts on the surroundings. Concentrate on retaining and improving existing industrial uses to preserve existing jobs.
 - Prohibit the development of additional housing units in major industrial zones. Encourage the purchase of homes in industrial areas as businesses seek to expand.

Staff believes that these policies were intended for prohibiting larger scale new residential development from occurring within areas designated for General Industrial use and not with regard to retention of an individual existing single-family dwelling. Nevertheless, staff believes that should there be any new residential development on the subject property it should have a reasonable separation from the existing industrial district and use.

SUMMARY OF DISCUSSION

There was no discussion.

CHAIRPERSON OPENED THE PUBLIC HEARING

There was no one in the audience to speak in opposition

CHAIRPERSON CLOSED THE PUBLIC HEARING

COMMISSION ACTION

Greg Jones moved staff recommendation that the proposed rezoning be found not in conformance with the existing Des Moines' 2020 Community Character Plan's General Industrial designation, approval of an amendment to the Des Moines' 2020 Community Character Plan to revise the future land use designation from General Industrial to Low-Density Residential and approval of the request to rezone the property to "R1-60" One-Family Low-Density Residential District subject to the applicant agreeing to the following conditions:

1. Any new dwelling or addition to the existing dwelling on the subject property shall be kept at least 25 feet from the west property line.
2. Any new single-family dwelling constructed shall meet the following design requirements:
 - (a) Have a minimum of 1,200 square feet of living area exclusive of any attached garage.
 - (b) Have an attached or detached garage for parking of at least two vehicles.
 - (c) Have either an open roofed front porch or shall have at least 40% of the front façade comprised of brick, stone or block masonry material.
 - (d) All exterior siding material shall be masonry, stone, cement board or minimum 42 mil thickness vinyl.
 - (e) All exterior roofing material shall architectural asphalt shingles.

Motion passed 9-0.

Reason for opposing this request may be listed below:

THE PROPERTY @ 2601 IS ALREADY ZONED R1-60
4 M-1 BUT 2600 E MARKET ST. AND 2700 E MARKET ST.
IS ZONED M-2. THERE'S WORK 24HRS THE PRODUCES
A LOT OF NOISE AND A LOT OF TRAFFIC AND I WOULD NOT
RECOMMEND FAMILY DWELLINGS ALSO THERE'S RUMOR
THAT A LARGE LABOR CONSUMER IS GOING TO EXPAND.
