The building is zoned properly and again meets your requirements.

Sec 126-63

Executive Express was founded in 1979. The company was purchased by my corporation below in 2005

Loghouse Enterprises, INC., DBA Executive Express
3358 Southway Drive

USDOT # C 1358810

Larry Logeman - Owner

(1) Zoning statement from the city of St. Cloud MN is attached.

2) We have included our 2008 corporate tax returns to satisfy the request for the financial status of the applicant. We have never had any judgments against the company. The fed tax id # is above. our states tax ID Number is above

3) Experience

Our company has approximately 45 drivers and serves 60 communities on a scheduled basis in Minnesota and Iowa. All of our drivers go through the state approved process of hiring. This includes medical exams, driving tests, and background checks. We have never had our license suspended or revoked by any state or municipality we serve. We have never had an application denied in any state or municipality we have attempted to expand to. In November we had a 6 hour Federal and State Compliance audit. We received a satisfactory, the highest rating offered. We have attached the final report for your review.

4) our shuttle company transports approximately 23,000 passengers a year. Prior to our opening our Iowa Branch, The Des Moines airport did not have this type of service. Many airports around the country have shuttle services. Our research convinced us that the time was right to introduce this market to the convenience, low cost, and comfort that a shuttle company can provide. Since opening our Iowa Branch we have transported approximately 1260 passengers. (August 9, 2009 to December 8, 2009) We believe that this amount of passengers early on prove that an airport shuttle company was needed in this market. The public is being well served by our operation. Granting this certificate will continue this service.

5) The Iowa Branch uses 3 vehicles on a regular basis at this point. More can be added in the future when passenger volume increases.

6) The Iowa Branch location is 615 S Dayton Ames, Iowa. This is the location where the vehicles are stored.

7) All of the vehicles used in Iowa are in great condition. They all have passed inspections in the last few months. Currently we serve this market with the following vehicles

- 2008 Dodge Sprinter - insp. 8-5-09
- 2002 Ford Econoline - insp. 11-12-09
- 2005 Chrysler Town and country mini-van - insp. 1-22-10

8) I have had 1 speeding ticket in 2005 (see driving record attached). I have had no other convictions. (see criminal background check attached)

9) least demand will use one vehicle per day. maximum may be 4 vehicles per day. (one of these would be a temporary vehicle)

10) Executive Express has a central location.. We have corporate headquarters at 3358 Southway Drive **Saint Cloud, MN 56301**. Our Iowa Branch office is located at 615 S Dayton in **Ames Iowa**.

11) our corporate colors of our logo are a dark blue with yellow highlights. All vehicles have our logo and phone number clearly displayed on both sides of the vehicles. Our USDOT # is displayed on the drivers door.

Due to the uncertainty in oil markets worldwide there will be a fuel surcharge added to the base fare on your ticket. This fuel surcharge fluctuates with the market. Historically it has been between \$1.00 and \$3.00 per person per way. It is charged at the time of your reservation not at the time of departure. We hope to remove these surcharges when the price of gasoline stabilizes. We thank you for your understanding.

Subject: Re: Executive Express

Mr. Berry,

Per your indication over the phone just now, Mr. Ratcliff lists 615 S Dayton Ave, Ames, IA, as the central place of business and also the place for the vehicle storage for his Executive Express transportation service. Based on his description of the business, which is the storage of passenger vans for the transportation business he operates, the City of Ames finds that type of business activity is a permitted use in the "G1" zoning district.

Thanks,
Sam

Subject Executive Express

Sam,

I appreciate your quick response.

What I need is a simple statement, (an e-mail reply will do), indicating that the "central place of business" is in a location that is properly zoned for that activity AND that the vehicle storage facility, (evidentially there is no maintenance activity carried out at either location), if separate from the place of business, is also in an area that is zoned to allow the storage of such vehicles.

I appreciate your understanding in this matter.

Sec. 126-81. Limousine service.

Limousine service may be undertaken by the holder of a certificate subject to the following conditions:

- (1) No limousine service shall be booked less than one hour prior to the service, except for contracted limousine service under a written contract or agreement on file with the traffic engineer.
- (2) The holder shall maintain a central place of business in a location properly zoned for that business.
- (3) If vehicle maintenance and storage is provided separately from the central office, then the vehicle maintenance/storage area must also be in a location properly zoned for such activity.
- (4) The holder shall have a listed telephone number.
- (5) The service must be booked at a scheduled rate on file with the traffic engineer for a minimum of one hour, even if the trip requires less than one hour, except for contracted limousine service under a written contract or agreement on file with the traffic engineer.

Thanks,

Michael R. Berry
