RE: Proposed Airport Regulation No. 09-60, Rate Changes

Dear Mayor and Members of the City Council:

The City Council created the Airport Board under Chapter 392 of the Iowa Code for the purpose of governing the operation of the Des Moines International Airport. The Council further delegated the Board the power to establish rates and charges for use of the Airport consistent with its responsibility to maintain a positive cash balance in the Airport Enterprise Fund at all times.

At its meeting of April 7, 2009, the Airport Board approved the first reading of a resolution that would adjust several of the Airport's rates and charges. At its meeting of May 5, 2009, the Board conducted a public hearing on the resolution and, after receiving no comments, approved the second reading. On May 18, 2009, through Roll Call 09-866, the Council received and filed the rate changes.

Subsequent to the Public Hearing at the Airport Board Meeting of June 2, 2009, certain airport tenants requested an adjustment to *Section 2-9 – Telephone and Communication Charges*. What was originally proposed as a "per unit" fee for information technology equipment storage was adjusted at the Airport Board's final reading to allow each tenant one free unit of space, with a \$50 per month fee to apply to any additional units. The fee was not expected to be a revenue-generator as much as a control used to prevent excessive storage, a goal that remains intact after the adjustment.

The Airport Board approved the final reading of the Regulation (including the adjustment) on June 2, 2009, through Resolution No. A09-098. Because of the change described above, the Board is resubmitting the proposed regulation to Council. The Airport Board, pursuant to the ordinance regarding its establishment, is required to file any revised Rates and Charges Regulations with the City Clerk and to publish both notice of intent to adopt the Regulation, as well as the time and place of a public hearing. The Airport Board is further required to notify the City Council of the proposed effective date of the Regulation and provide a copy thereof to the City Council for their review and hold a public hearing on the proposed Regulation. The Board then must adopt the Regulation by Board Resolution and have the City Clerk publish it prior to its effective date, in this case July 1, 2009. The adjusted Regulation was published on June 12, 2009.

The Board herewith submits for City Council information and review, the proposed Regulation pursuant to Section 22.51 of the Municipal Code.

Since

James W. Erickson Airport Board Chairperson
