STAFF RECOMMENDATION AND BASIS FOR APPROVAL

Part A) Staff recommends approval of the requested vacation and conveyance subject to the following conditions:

1. Dedication of a cross-access easement through the site between the remaining alley and Woodland Avenue.
2. Provision of easements for any existing utilities.

Part B) Staff recommends that the Commission find the requested rezoning in conformance with the Des Moines' 2020 Community Character Plan.

Part C) Staff recommends approval of the requested rezoning to "C-1" Neighborhood Retail District.

STAFF REPORT

1. **Purpose of Request:** The applicant has purchased the former Art Store site with the intent of opening a bank with a drive-thru teller lane on the west side of the building. To accomplish this a drive lane must be constructed through a portion of the site that is residentially zoned and through the subject alley segment.
2. **Size of Site:** Rezoning – 0.32 acres. Alley vacation – 14' x 50'.
3. **Existing Land Use (site):** Vacant lot.
4. **Adjacent Land Use and Zoning:**
 - North** – "R1-60"; Use is Woodland Cemetery.
 - South** – "C-2"; Use is a medical clinic.
 - East** – "C-1"; Use is the former Art Store building.
 - West** – "R-2A"; Uses are a City park and a single-family dwelling.
5. **General Neighborhood/Area Land Uses:** The immediate area is characterized by residential properties with commercial uses along the Martin Luther King Jr. Parkway and Ingersoll Avenue corridors.
6. **Applicable Recognized Neighborhood(s):** Woodland Heights.

7. **2020 Community Character Land Use Plan Designation:** Commercial: Pedestrian-Oriented Commercial Corridor.
8. **Applicable Regulations:** The Commission reviews all proposals to vacate land dedicated for a specific public purpose, such as for streets and parks, to determine whether the land is still needed for such purpose or may be released (vacated) for other use. The recommendation of the Commission is forwarded to the City Council.

The Commission also reviews all proposals to amend zoning regulations or zoning district boundaries within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in §414.3 of the Iowa Code. The Commission may recommend that certain conditions be applied to the subject property if the property owner agrees in writing, prior to the City Council Hearing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. **Natural Features:** The subject portion of the site contains 12 trees. The submitted site sketch indicates that 1 of the trees would need to be removed. The entire site generally slopes downward towards the southwest.
2. **Site Plan Review:** The applicant must demonstrate compliance with the City's storm water management, landscaping and buffering requirements during the site plan review process. The City's Landscaping Standards for "C-1" Districts generally require the following:
 - 20% open space with a minimum of 1 overstory deciduous tree, 1 evergreen tree and 1 shrub for every 2,500 square feet of required open space.
 - 10'-wide bufferyards along property lines that adjoin a "R" District or residential use with a 6'-tall, 75% opaque fence or wall, and 2 overstory trees and 6 evergreen trees per 100 lineal feet of property line.
 - 1 overstory tree and 3 shrubs must be provided along the perimeter of parking lots for every 50 lineal feet of frontage.
3. **Utilities:** Easements must be provided for any identified utilities. Staff is not aware of any utilities in the subject alley at this time.
4. **Street System:** The subject alley dead ends into the existing commercial site. Access to the alley is provided through the existing drives on the subject site. The applicant is proposing to vacate an additional 50' of alley that adjoins their site to the north and south. The submitted site sketch indicates that traffic would still be able to access the eastern end of the alley through the applicant's property. Staff recommends that the provision of an access easement for traffic entering or exiting the alley as a condition of approval.
5. **Access or Parking:** The submitted site sketch indicates the parking lot and drive-thru teller lanes will be accessed from the existing driveway to Woodland Avenue.
