RESOLUTION TO RECEIVE AND FILE ACCESS ADVISORY BOARD RECOMMENDATION REGARDING CONSTRUCTION PLANS FOR JOHN AND MARY PAPPAJOHN SCULPTURE PARK

WHEREAS, the Access Advisory Board has advised that at its meeting on August 20, 2008, its members voted 5-3 (with one abstention) in support of a motion NOT TO APPROVE the attached construction plans for the John and Mary Pappajohn Sculpture Park for the following reasons:

- 1. Able-bodied people can view the sculptures from places that are significantly different from places where people with disabilities can view it. The Board notes that, although they are not designed as viewing areas, able-bodied people in the park will not be prohibited from walking on the sloping mound backside of the curved "walls", as is shown in the conceptual plan, and that persons with limited mobility will not be able to attain the same views of the sculptures because there will not be accessible paths to the top of the mounds.
2. The Board believes that the American With Disabilities Act (ADA) is built on the premise that when laying out a function or something that can be viewed there should be viewing equity for all persons.

WHEREAS, the Access Advisory Board and the Park and Recreation Department have been advised by Ray Petty, of the Great Plains ADA Center, that the mounds are not addressed by the ADA and there was no recommendation that an accessible route to the top of the mounds be included in the plans.

MOVED by _____ to receive and file.

APPROVED AS TO FORM:

Ann DiDonato
Assistant City Attorney
