9	Anawim S+C #2	Renewal	Shelter Plus Care	Sponsor-Based Rental Asst.	\$252,000
				Total	\$2,978,799

Des Moines Application Process

Due to the short turn around time to submit an application to HUD and the amount of lead time needed prior to submission to HUD, to present the City manager and City Council with the recommended projects, the application process began approximately 90 days before the NOFA was released. Notice was sent to the full Polk County Housing Continuum mailing list, representing approximately forty organizations, announcing the date and time of the application training and the submission deadline.

Consistent with HUD guidelines and in cooperation with City of Des Moines staff, the Polk County Housing Continuum developed an objective process to review, score and rank both renewal and new project applications directed toward meeting the goals of the HUD SHP program. There were eight renewal applications and one

new project application. The following process was used to review grant applications and develop the above recommendations.

Scoring:

The scoring of both renewal and new applications was done by an Independent Scoring Committee named by the Polk County Housing Continuum Board. Guidelines prohibited members of the Independent Scoring Committee from being associated with any organization seeking funds through the 2009 Continuum of Care application.

At their July 27, 2009 meeting, the Polk County Housing Continuum Executive Committee appointed the following individuals to serve on the Independent Scoring Committee:

Justin Gross, Neighborhood Revitalization Board
Susan Minks, City of Des Moines
Corrine Lambert, United Way of Central Iowa
Diane Foss, Iowa Department of Economic Development
Amy Knudsen, Children and Families of Iowa
Merlie Crowley, PCHC Coordinator.

Jim Cain, Director, Des Moines Area Interfaith Hospitality Network staffed the Continuum of Care Committee, and provided the committee training on the use of the score sheet and technical expertise on the Supportive Housing and Shelter Plus Care Programs. Bob Schulte, Federal Programs Administrator in the Housing Services Department and Julie Eberbach of the Institute for Community alliances provided technical assistance.

Ranking:

Applications for the renewal of existing projects were grouped together first in the project ranking chart and ranked by score, highest to lowest. Applications for new permanent affordable housing or for permanent affordable housing with supportive services projects were grouped together after the renewal applications in the project ranking chart and ranked by score, highest to lowest.

The PCHC board established the following priority for the 2009 SHP grant process: When accepting applications for new projects, only applications for new permanent housing projects would be considered.

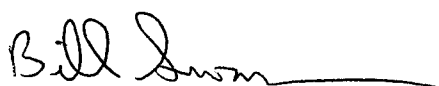

At the August 5, 2009 meeting, the PCHC Board amended the ranking and prioritization procedures to reflect HUD's announced intention to award up to 15% of a continuum's pro rata need as a Permanent Housing Bonus if the continuum ranks a new permanent housing application first in its project ranking chart. Therefore, the PCHC Board adopted the policy that when accepting applications for new projects, accept only applications that provide for new permanent housing projects. The Board further approved a recommendation to designate the YMCA as the eligible applicant to apply for the Polk County Housing Continuum's Permanent Housing Bonus of \$250,790 because they submitted the only new permanent housing application and because they have additional units for which they can apply for Shelter Plus Care rental assistance.

The process of reviewing, ranking and scoring project applications for funding meets all known HUD guidelines and regulations governing review and approval of the U.S. Department of Housing and Urban Development (HUD) Continuum of Care Application. In addition the procedures and priorities for review and development of SHP projects as recommended by the Polk County Housing Continuum were approved by the City Council at their meeting on July 22, 2009 by Roll Call No. 09-1082.
