Subject: traffic and transportation issues

These issues were raised at the Coalition of South Side Neighborhood Associations:

SE 14th & McKinley - no crosswalks marked; crosswalk buttons not working

Timing change for light at SE 14th & Hartford needed badly - long traffic delays

SE 1st & Indianola Road - light timing needs to be changed

Update on SE 6th Street bridge repair - when to be completed?

SE 6th near ML King East - next steps on when paving or when to be opened?

SE Hartford street lights to be added - no lighting now
