Subject: Request to Speak 10/11

At the 10/11 city council meeting I would like to briefly speak to the issue presented in a petition that is circulating in our neighborhood. The petition text I personally composed reads as follows:

In the city of Des Moines, Iowa on 42nd Street between University Avenue and Forest Avenue I the undersigned do hereby voice my strong objection to the construction of any permanent traffic control structure(s) that will in any way impede the efficient and timely removal of snow or the unobstructed passage of emergency vehicles.

I seek authoritative assurance that the excellent quality of timely snow removal will be maintained as in the past.

I support other possible means of traffic speed and congestion control including improved signage and possible installation of a left turn lane on northbound 42nd Street at Forest Avenue.

TO: Gary Hlavka, Project Engineer, Des Moines City Hall

343-6135

RE: PROJECT NOTICE

41st/42nd Street Modifications – University Avenue to Forest Avenue

Activity ID 06-2010-001

The Des Moines City Council by Roll Call No 10-319, awarded a contract to Rocky Hurst Construction, Inc. for construction of the E. Army Post/Douglas Avenue/41st & 42nd Street Median Replacement Project. **WORK ON 41st AND 42nd STREETS IS EXPECTED TO START THE WEEK OF OCTOBER 4th, 2010.**

The attached map shows the location of the street modifications. Work will be completed on 41st Street prior to starting work on 42nd Street. Through traffic will be detoured to the opposite street during the period that work is being done on each street. Local access within the project limits will be maintained during construction. The contractor will notify you if your driveway will be closed for the construction work. Work is expected to take 1-2 weeks on each street. The work will not affect garbage pickup. Place your garbage near the curb on your normal collection day by 6:00 a.m.

Your patience and cooperation to complete this project is appreciated. If you have any questions, please contact the City's Project Engineer, Gary Hlavka, at 515-283-4025 or email gdhlavka@dmgov.org.

Sincerely,

Jeb E. Brewer, P.E.
City Engineer
