Des Moines, IA 50309-1813

Dear Mayor Cownie and Members of the City Council:

As you may know the City of Des Moines and the Des Moines Public Schools have been meeting to explore further collaborations. Obviously it is in the interest of both organizations to optimize community resources.

I have been recently meeting with Parks and Recreation staff to update our facility use 28E agreement which dates back to the early 1990's. This agreement has many advantages to both the city and the district. In this agreement the city and school district have traded facilities at minimal to no cost. We believe there is another option which could better utilize City parking ramps and provide the district a reduced space parking option. The two ramps are at 8th and Locust and 8th and Mulberry. The district would utilize parking spots at one-half the normal rate. Since some of our current parking options end in December, we are hopeful a decision can be made quickly.

As two taxed based organizations we hope to continue our sharing agreement in the interests of our constituents.

We appreciate your consideration.
