STAFF REPORT

I. GENERAL INFORMATION

1. **Purpose of Request:** The applicant is seeking to have the property rezoned to allow the existing vacant office and warehouse buildings for use as a wooden pallet manufacturing, distribution, and recycling facility. The recycling component is proposed to occur partially outside of a completely enclosed building and therefore requires rezoning to the "M-2" Heavy Industrial District. The proposed recycling use would also require a Conditional Use Permit from the Zoning Board of Adjustment, if the property is rezoned.
2. **Size of Site:** 4.17 acres.
3. **Existing Zoning (site):** "M-1" Light Industrial District.
4. **Existing Land Use (site):** There is currently a 20,536-square foot warehouse building on the north portion of the property and a building on the southern portion of the property along East Euclid Avenue with 29,815 square feet of warehouse space and 7,623 square feet of office space. The buildings are currently unoccupied.
5. **Adjacent Land Use and Zoning:**
 - North* – "M-1", Use is Smurfit-Stone Container manufacturing and offices.
 - South* – "M-1", Use is offices for the Mid-Iowa Council of the Boy Scouts of America.
 - East* – "M-1", Use is warehouse and offices for Quality Traffic Control.
 - West* – "M-1", Uses are the Union Pacific Railroad and Mrs. Clarks distribution and warehouse.
6. **General Neighborhood/Area Land Uses:** The subject property is within a primarily industrial area along the East Euclid Avenue corridor, which is to the east of the railroad abutting the Eastgate Plaza commercial at East 14th Street.
7. **Applicable Recognized Neighborhood(s):** The subject property is not within a recognized neighborhood, but is within 250 feet of the Highland Park Neighborhood area. This neighborhood was notified of the meeting by mailing of the Preliminary Agenda to all recognized neighborhoods on July 27, 2012. Additionally, separate notifications of the hearing for this specific item were mailed on July 27, 2012 (20 days prior) and August 6, 2012 (10 days prior to the scheduled hearing) to Highland Park Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site. A Final Agenda for the meeting was mailed to all the recognized neighborhood associations on August 10, 2012.

All agendas and notices are mailed to the primary contact person designated to the City of Des Moines Neighborhood Development Division by the recognized neighborhood association. The Highland Park Neighborhood Association mailings were sent to Trudy McCormick at 1226 East Oak Park Avenue.

The applicant scheduled a neighborhood meeting on-site for Thursday, August 2, 2012. This included invitation to Highland Park Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site. The applicant has indicated that there were no individuals present at the meeting besides their own representatives. Phone conversations by staff with the neighborhood representative indicated that the Highland Park Neighborhood was not planning to take a position with regard to this request.

8. Relevant Zoning History: N/A.

9. 2020 Community Character Land Use Plan Designation: General Industrial.

10. Applicable Regulations: The Commission reviews all proposals to amend zoning regulations or zoning district boundaries within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in §414.3 of the Iowa Code. The Commission may recommend that certain conditions be applied to the subject property if the property owner agrees in writing, prior to the City Council Hearing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

- 1. Natural Features:** The site has some timber and vegetation on northwest and western perimeters. Any future site development is subject to compliance with all applicable Tree Protection and Mitigation requirements in the City Code.
- 2. Drainage/Grading:** Any future development of the subject property will require a storm water management plan and a soil erosion protection and grading plan as part of the Site Plan review. The northern portion of the site drains toward the northwest and the southern portion of the site drains west. There is public storm sewer access in East Euclid Avenue and west of the Union Pacific Railroad.
- 3. Landscaping & Buffering:** Changing the use of the buildings on the property from warehouse to manufacturing and recycling is subject to a Site Plan following Conditional Use Permit approval by the Zoning Board of Adjustment. Landscaping and tree plantings will be required in accordance with the Des Moines Landscape Standards as applicable to "M-2" Districts. The applicant will be able to get credit for existing plant materials that are identified on the Site Plan.
- 4. 2020 Community Character Plan:** The proposed future development for a pallet recycling use would be consistent with the General Industrial designation in the Community Character Plan. Any use of land developed that would not be permitted in the existing "M-1" District, such as the pallet recycling, will require a Conditional Use permit from the Board of Adjustment under criteria set forth in the Zoning Ordinance under Section 134-1122(5).
