Hi Brian,

We have been gathering signatures on two petitions, one to the City and one to the builder from everyone in our area. We are asking that the builder reconsider and put in condominiums instead of apartments in the 5800 block of SE 24th Street. The original plan called for condominiums in this area and we feel that adding apartments will bring down the home values and cause other problems associated with rentals.

All of the homeowners have been happy to sign the petitions and no one has turned me down. I have heard lots of angry comments from condominium owners, single family home owners, and townhome owners about the new plan for this area by the builder.

We were originally going to present this petition to the City Council on Monday, November 5th but did not get on the agenda by noon today and we are still gathering signatures. So our plan is to present the petition at the November 19th City Council meeting unless you know of a better way to have our issue addressed.
