Regarding: RE: Lost Traffic/Street Name Change.

I live at 1956 South Union Street, it's a blacktop/gravel road that is about 300 feet long and MANY people mistake this road from the normal South Union. There are two reasons why people come up this road other than residence: (1.) Trying to find the normal South Union. (2.) Up to mischief like dumping garbage etc.

I have lost count of how many people even Taxi Cabs etc. turn around in my driveway knocking over my garbage can, compost can and hitting my brick retaining wall. (you would think people would pick up the mess! lol) I have been asked many times from people asking where to go. I'm more than happy to tell people where to go.....but this is too much.

Along with many people turning around in my "yard" and putting ruts in it. I have had everything from cars driving totally threw the yard, a truck driving threw and getting stuck (you know what kind of damage a dully can do!), driving up my yard to back up and turn around, to a Transit Bus driving the whole side down the yard about 25 feet. I feel I'm constantly repairing the yard and picking up trash.

This info is very general, I could get into details of all the events but it would take for ever to read. I have camera's installed all around my house, so I'm able to see and tell ya about my situation.

I propose that the street name get changed, or an EXTREMELY large sign stating the street does not have an outlet to South Union. There are only two house's on this street. Please, something has to be done, too many people are causing damage to my and my neighbors properties. I believe changing the street name would solve the whole situation.

Thank you!!
