STAFF REPORT

I. GENERAL INFORMATION

1. **Purpose of Request:** The applicant is proposing to demolish the existing restaurant building and construct a 30-foot by 40-foot (1,200 square feet) restaurant building. The applicant is also proposing to provide customer parking and a drive-thru lane. In order to place the building toward the street and have the drive-thru function to the west along with the off-street parking, the applicant is requesting to have the entire split zoned site rezoned to the "NPC" District. The revised request has also incorporated additional land purchased from the Des Moines Public Schools to the west to better accommodate landscaping and internal traffic circulation.
2. **Size of Site:** 11,152 square feet (0.256 acres)
3. **Existing Zoning (site):** "C-1" Neighborhood Retail Commercial District, "R1-60" One Family Low-Density Residential District, "GGP" Gambling Games Prohibition Overlay District.
4. **Existing Land Use (site):** Vacant restaurant building and paved parking lot.
5. **Adjacent Land Use and Zoning:**
 - North** – "R1-60", Use is a law office.
 - South** – "R1-60" & "C-1", Use is Lincoln High School.
 - East** – "C-1", Use is a multi-tenant commercial center with a formal wear shop, insurance office, and launderette.
 - West** – "R1-60", Use is parking lot and open space for Lincoln High School.

6. **General Neighborhood/Area Land Uses:** The subject property is located on a commercial node of the Southwest 9th Street mixed-use corridor in the vicinity of where Lincoln High School is the predominant use on the corridor.
7. **Applicable Recognized Neighborhood(s):** The subject property is within the Grays Lake Neighborhood and within 250 feet of the Indianola Hills Neighborhood. These neighborhoods were notified of the meeting by mailing of the Preliminary Agenda to all recognized neighborhoods on July 1, 2013. Additionally, separate notifications of the hearing for this specific item were mailed on June 28, 2012 (20 days prior) and July 8, 2013 (10 days prior to the scheduled hearing) to the Grays Lake Neighborhood Association, Indianola Hills Neighborhood Association, and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site. All agendas and notices are mailed to the primary contact person designated to the City of Des Moines Neighborhood Development Division by the recognized neighborhood association. The Grays Lake Neighborhood Association mailings were sent to Evan Shaw, 2615 Druid Hill Drive, Des Moines, IA 50315. The Indianola Hills Neighborhood Association mailings were sent to Nancy Watson, 326 East Broad Street, Des Moines, IA 50315. A Final Agenda for the meeting was mailed to all the recognized neighborhood associations on July 12, 2013.

The applicant is responsible for conducting a neighborhood meeting inviting representatives of the Grays Lake Neighborhood Association, Indianola Hills Neighborhood Association, and surrounding property owners within 250 feet. This meeting is currently scheduled for July 15, 2013 by the applicant who will provide a summary of the meeting at the public hearing.

8. **Relevant Zoning History:** N/A.
9. **2020 Community Character Land Use Plan Designation:** Commercial: Auto Oriented; Small Scale Stripe Development.
10. **Applicable Regulations:** The Commission reviews all proposals to amend zoning regulations or zoning district boundaries within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in §414.3 of the Iowa Code. The Commission may recommend that certain conditions be applied to the subject property if the property owner agrees in writing, prior to the City Council Hearing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL INFORMATION

1. **Natural Features:** The site is currently built and has no landscaping material other than turf covered open space.
2. **Utilities:** There is direct access to public storm sewer and sanitary sewer for the property within the adjoining street right-of-way. The most logical connections for both would be on the Bell Avenue side. There is a Des Moines Waterworks public water main extending from the west in Bell Avenue through the middle of the site to Southwest 9th Street. The ultimate building location and site design may necessitate the relocation of this main as part of the redevelopment.

3. **Drainage/Grading:** The amount of proposed impervious surfaces such as building or paving will not exceed thresholds that will require special measures for stormwater management. Any stormwater collected will require piping to the public storm sewer which is located adjacent to the site on the south within Bell Avenue. Should the applicant be seeking commercial tax abatement, one of the options for meeting the criteria would be to provide water quality stormwater management for the one-and-a-half inch or less frequency rain events. This includes methods such as rain gardens or other infiltration systems which collect storm water and put it back into the groundwater system.
4. **Landscaping:** With approval of the requested rezoning, redevelopment of the property will require landscaping in accordance with “NPC” District design guidelines which indicate a “an emphasis of trees, shrubs and other plantings should be placed around the perimeter of any parking area and within large parking lots to create a more attractive area. The landscape plan should generally enhance the visual appearance of the building, parking area and any pedestrian areas.” Staff typically recommends using the “C-1”/“C-2” requirements as a baseline for this guideline, with flexibility applied in the Site Plan consideration by the Plan and Zoning Commission.
5. **Traffic/Street System:** Vehicular access is provided to the property from both Southwest 9th Street and Bell Avenue. The Southwest 9th Street driveway access is shared with the law office property to the north, and the driveway access from Bell Avenue into the site provides for additional cross access to allow the property to the north to have access to Bell Avenue as well. From a practical and circulation standpoint, staff believes it is important to protect this shared and cross access arrangement by keeping the same accesses or similar accesses with a site redevelopment. It is unknown whether there are any private easements for the benefit of the applicant or the property owner to the north formalizing these access conditions. Under the requested NPC District zoning, these access points and cross access would also be reviewed as part of the Site Plan by the Commission.
6. **2020 Community Character Plan:** The proposed “NPC” District zoning is a pedestrian oriented type commercial zoning which is more restrictive than the commercial uses and development pattern that are intended by the Commercial: Auto-Oriented Small-Scale Strip Development future land use designation of the property. Since the existing designation for future land use is less restrictive than the proposed zoning, staff recommends that the commission find the proposed rezoning in conformance with the Des Moines’ 2020 Community Character Plan. However, because of proximity to adjoining residential areas, staff believes there are a few uses that are permitted in “NPC” Districts which would not be appropriate in the specific location. Therefore it is recommended that the uses of gas stations, liquor stores, taverns and nightclubs, and off-premises advertising signs be prohibited.

SUMMARY OF DISCUSSION

There was no discussion.

CHAIRPERSON OPENED THE PUBLIC HEARING

There was no one to speak in favor or in opposition of the applicant's request.

COMMISSION ACTION:

CJ Stephens moved staff recommendation Part A) to find the requested rezoning in conformance with the Des Moines' 2020 Community Character Plan and Part B) to approve the requested rezoning to the "NPC" District subject to the owner agreeing to the following conditions:

1. Prohibit the use of the property for gas stations, liquor stores, taverns and nightclubs, and off-premises advertising signs.
2. Preserve existing shared vehicular driveway access onto Southwest 9th Street with the property adjacent to the north and preserve existing vehicular cross-access through the property to driveway access onto Bell Avenue from the adjacent property to north.

Motion passed 10-0-1 (Greg Wattier abstained).
