STAFF REPORT

I. GENERAL INFORMATION

- 1. Purpose of Request:** The applicant is seeking to retain the existing tobacco store which sells beer and wine. The store was given occupancy as a grocery store with a permit to sell beer and wine not to exceed 50% of the gross revenues. This was prior to revisions in the Zoning Ordinance restricting businesses that sell alcoholic beverages and including tobacco products in the sales numbers.

Under these revisions, while beer and wine may continue to be sold in the "C-1" District as part of a limited retail or food sales business; gross revenues of wine, beer, and tobacco products may not exceed 40% of the total revenues. When the 40% provision is exceeded, the Zoning Ordinance defines the business operation as a liquor store selling beer and wine, which requires "C-2" District zoning and a separation distance of 150 feet from any property with a school, church, public park or licensed child care facility as defined by the State of Iowa. This provision takes effect for any beer and wine licenses renewed after December 31, 2013. The applicant has indicated that the existing and proposed business model exceeds the 40% limitation and therefore it must be considered a liquor store for purposes of the Zoning Ordinance.

- 2. Size of Site:** 11,090 square feet.
- 3. Existing Zoning (site):** "C-1" Neighborhood Retail Commercial District.
- 4. Existing Land Use (site):** The site includes a 3,200-square foot commercial building with two tenant bays. The applicant occupies approximately 2,135 square feet on the north part of the building.
- 5. Adjacent Land Use and Zoning:**

North – "C-1", Use is Earlham Savings Bank drive-up branch office.

South – "C-1", Use is Pasutti Real Estate office.

East – "R1-60", Uses are single-family dwellings.

West – "C-1", Use is burial vault retail business.

- 6. General Neighborhood/Area Land Uses:** The subject property is located along the Southwest 9th Street commercial corridor.
- 7. Applicable Recognized Neighborhood(s):** The subject property is not within a recognized neighborhood but is within 250 feet of the Gray Lake Neighborhood to the west. All recognized neighborhoods were notified of the meeting by mailing of the Preliminary Agenda to all recognized neighborhoods on December 2, 2013. Additionally, separate notifications of the hearing for this specific item were mailed on November 27, 2013 (20 days prior) and December 9, 2013 (10 days prior to the

scheduled hearing) to the Gray's Lake Neighborhood Association contact and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site. A Final Agenda for the meeting was mailed to all the recognized neighborhood associations on December 13, 2013.

All agendas and notices are mailed to the contact person(s) designated to the City of Des Moines Neighborhood Development Division by the recognized neighborhood association. The Gray's Lake Neighborhood Association mailings were sent to Evan Shaw, 2615 Druid Hill Drive, Des Moines, IA 50315.

The applicant is required to schedule a neighborhood meeting prior to the hearing which includes invitation to neighborhood contacts and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site. The applicant invited neighboring property owners and Gray's Lake Neighborhood representation to attend a meeting scheduled and held on December 9, 2013. However, the applicant has indicated that nobody attended the meeting.

8. Relevant Zoning History: N/A.

9. 2020 Community Character Land Use Plan Designation: Commercial: Auto-Oriented Small-Scale Strip Development.

10. Applicable Regulations: The Commission reviews all proposals to amend zoning regulations or zoning district boundaries within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in §414.3 of the Iowa Code. The Commission may recommend that certain conditions be applied to the subject property if the property owner agrees in writing, prior to the City Council Hearing. The recommendation of the Commission will be forwarded to the City Council.

In such event it shall be presumed that more than 40 percent of the gross receipts from sales are derived from the sale of alcoholic liquor, wine, beer or tobacco products, which presumption may be overcome by the business timely furnishing a statement prepared and verified by a certified public accountant identifying the total dollar volume of all sales, and separately identifying the total dollar volume of sales derived from the sale of alcoholic beverages, from the sale of tobacco products, and from the sale of all other merchandise and food exclusive of alcoholic beverages and tobacco products, from the business premises in the preceding six months.

e. In such event it shall be presumed that less than 50 percent of the restaurant's gross receipts are derived from the sale of prepared food and food-related services, which presumption may be overcome by the business timely furnishing a statement prepared and verified by a certified public accountant identifying the total dollar volume of all receipts, and separately identifying the total dollar volume of gross receipts derived from the sale of alcoholic beverages, and from the sale of prepared food and food-related services exclusive of alcoholic beverages and tobacco products, from the business premises in the preceding six months.

f. All gas stations/convenience stores, food sales establishments, retail sales establishments and restaurants which have not continuously held an alcoholic liquor license or a beer or wine permit since July 1, 2012, shall comply with the requirements of subsections (a), (b), (c), (d) and (e) above. Any gas station/convenience store, **food sales establishment, retail sales establishment** or restaurant **which has continuously held an alcoholic liquor license or a wine or beer permit since July 1, 2012, shall comply with subsections (a), (b), (c), (d) and (e) above, exclusive of any changed separation requirements, commencing on December 31, 2013, and prior to that date shall continue to be subject to the general regulations regarding legal nonconforming uses set forth in sections 134-155 and 134-1351.**

2. Staff Rationale: The character of the surrounding commercial corridor is entirely made up of "C-1" District commercially zoned properties. The nearest "C-2" District zoned properties are over one-quarter of a mile to both north and south along Southwest 9th Street. The "C-2" District to the north is a single property rezoned in 1989 for an auto repair business which has since been redeveloped by WestBank at Watrous Avenue. The "C-2" District to the south is a single property rezoned in 2003 to allow an environmental contractors office and shop. Staff believes that these "C-2" District properties are anomalies within a predominant character of "C-1" District Zoning on Southwest 9th Street, between the Raccoon River to the north of McKinley Avenue to the south.

In addition, if the property were to be zoned to "C-2" in order to allow a request for a Conditional Use Permit, the property would not meet the minimum 150 feet of separation distance from an existing church located 102 feet to the southwest at 3504 Southwest 9th Street that would be applied for a liquor store. Staff believes it would be contrary to the intent of the Zoning Ordinance to rezone a property for a use that would not meet the intent of the minimum separation distance requirements.

It is noted, that if the subject business were to keep sales of beer, wine, and tobacco products at 40% or below total revenues, the rezoning would not be required for a limited food or retail use. Also a similar 150-foot separation provision would not be required by the exemption in Section 134-954(f) listed above applied to businesses holding a beer and wine permit prior to July 1, 2012. Should the City Council deny the requested rezoning, the applicant may seek a Use Variance and Variance of the separation provision for a liquor store from the Zoning Board of Adjustment.

SUMMARY OF DISCUSSION

Erik Lundy presented the staff report and recommendation.

Vicki Stogdill asked for occupancy dates for the church and the Tobacco Outlet.

Erik Lundy stated the church occupancy permit was issued on November 6, 2007 and he does not know how long the Tobacco Outlet has been operating there.

John Rewerts 1106 Woodring Drive Waverly Iowa district leader for Tobacco Outlet Plus stated they are not in agreement with staff recommendation to deny their request. 75% of their sales are derived from cigarette packs and cartons. This store the beer sales constitutes about 12% of overall sales. Based on these percentages they are definitely not a liquor store even though they might be designated as one based on those percentages of sales. They are bringing in additional items such as dairy, bread and produce to

become more of what is considered to be a convenience store. They have been in this location for 10 years.

Greg Wattier asked if there have been any police complaints or issues with this store.

Erik Lundy stated they normally pull records when a conditional use permit application has been submitted. Therefore, the police report has not been pulled at this point. If the rezoning is not granted the applicant will still have the remedy of asking for a use variance from the Board of Adjustment.

Greg Jones asked the applicant if they see a time when they can comply with the ordinances or is that just not possible.

John Rewerts stated the 40% range is not possible.

Vicki Stogdill asked does this zoning change allow them to go for the use variance.

Erik Lundy stated if the applicant got the zoning change they could just ask for a conditional use permit and a separation variance. Without the zoning change, they would need to obtain a use variance in addition to the conditional use permit and separation variance.

Vicki Stogdill commented that the church came after the applicant so the church knew this business was there when the church decided to locate there. The ordinance change was later but the church's knowledge of them being there did not change. So sometimes churches like to locate in neighborhoods because they want to reach a certain group of people.

Erik Lundy recommends the Commission look at the Plan and Zoning Commission's role to recommend legislation. The Board of Adjustment role would be to look at that situation of how they have operated and whether they deserve some type of relief to that standard that the zoning ordinances have established.

Tim Fitzgerald stated the church that sits next door to this may have filed for an occupancy permit in 2007 but they have been there for probably 50 years.

Mike Ludwig stated if the zoning were denied and they applied for a use variance that would also leave the option available for the Board of Adjustment to attach a sunset to the use variance giving them right to operate for a length of time rather than changing the zoning and allowing multiple other uses on the property in a corridor that is predominately "C-1". In the past when there were concerns about allowing a larger list of uses on what is generally a neighborhood commercial corridor. Staff has previously urged the Commission to pursue a denial of the zoning change and recommend the applicant seek a use variance and see if a sunset clause can be attached.

Ted Irvine asked the difference between this item and the previous item.

Mike Ludwig stated there are two differences. The church is less than 150 feet from this property and the entire corridor within a quarter of a mile in either direction is "C-1" zoned.

CHAIRPERSON OPENED THE PUBLIC HEARING

There was no one to speak in favor or in opposition of the applicant's request.

CHAIRPERSON CLOSED THE PUBLIC HEARING

JoAnne Corigliano stated that one block from this property is the Park Avenue Grade School. The church across the street is too important for her to ignore.

Will Page asked how many other exceptions have come to the Commission for review over the years since the ordinance was established.

Mike Ludwig believes these are the first that have requested rezoning as their first option. There have been numerous cases that have gone to the Board of Adjustment for conditional use permits and variances to separation distances but this is the first request for the change of zoning option.

Will Page stated then this may set a precedence for others that might come before the Commission.

Mike Ludwig stated the Commission could see additional cases.

Greg Wattier commented that he finds this request troubling by the fact that you can have a business and then through legislation we then deem that you can no longer have that business there.

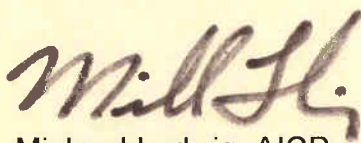

Tim Fitzgerald stated with liquor and alcohol in a neighborhood setting it does need to be regulated somehow whether it is changes in the law or something like that. However, he does agree with Commission Wattier's premise. He believes that they are within a quarter of a mile from convenience stores that conformed and brought in more groceries in the past few years and believe there is opportunity for the applicant to also conform and bring in more groceries.

COMMISSION ACTION:

Tim Fitzgerald moved staff recommendation to find the requested rezoning in conformance with the Des Moines' 2020 Community Character Plan and **DENIAL** of the requested rezoning to a "C-2" District.

Motion passed 12-2. (Vicki Stogdill and Greg Wattier voted in opposition)
