Please accept the following in response to the City's request for a statement regarding Grand View University's purchase of the property at 1333 Boyd Street.

Grand View University does not currently have specific plans for the property at 1333 Boyd Street. The University desires to purchase the property as it is adjacent to other property owned by the University and is contiguous to the main campus. In the short term, the house on the property may likely be used for student, faculty or staff housing. In the long term, the structures on the property will likely be removed and the land used for campus improvements such as a campus building or additional parking. Any such campus improvements would be incorporated into a future amendment to the University's existing PUD adjacent to this property and would comply with all City requirements and codes.

Respectfully submitted,

Adam J. Voigts
Vice President for Administration and Finance
