Good Morning, Diane and Christine!

Last night, I had the pleasure of speaking with Christine Hensley, at the Southwestern Neighborhood Association neighborhood meeting; I spoke, as an individual, about my experiences driving a school bus for Des Moines Public Schools. I love my job, and many aspects of the daily adventure, but there are some area changes that are long overdue, most notably being stoplights.

Christine asked me to email you, so that I can be placed on the agenda for the Monday meeting. She stated that she would sponsor the item in question, which is a proposed stoplight at SW 63rd Street and Creston Avenue. This location on 63rd Street is also known as Highway 28. I want to be clear, I am not attending or speaking on Monday as a representative of the Des Moines Public Schools, but as a citizen of Des Moines, who is employed as a school bus driver. There was also some talk, last night, of potentially constructing an easement to allow access to Willowmere and/or SW 61st Street, to potentially provide a more immediate alternate outlet for the residences of the Creston cul-de-sac, which I would also vehemently support.

Thank you both for your support and assistance in placing me on the agenda. I notice the meeting starts at 4:30PM. I will be coming directly from work, and arriving by 5:00PM. (Where should I go, for easiest parking and access?)
