TO WHOM IT MAY CONCERN

Please note that NPI Limo Service, LLC was issued a **PROBATIONARY Certificate of Public Convenience & Necessity** to operate a LIMOUSINE company, for a one-year period, by the Des Moines City Council on April 21, 2014 (Agenda item 55c).

The Applicant has successfully completed the one year probationary period.

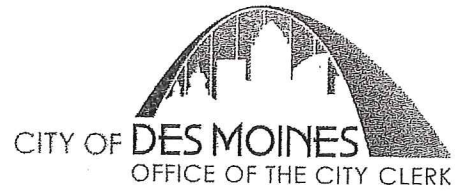

Since the City of Des Moines no longer issues Certificates of Public Convenience and Necessity, this probationary certificate would now need approval of the Des Moines City Council to transition to a VEHICLE FOR HIRE (VHC) company license.

As with previous certificate holders, because the City of Des Moines has made recent changes to the Vehicle for Hire ordinance, existing companies have transitioned from a certificate holder to Vehicle for Hire (VHC) Companies. This transitioning by certificate holders to licensees has allowed a "grandfathering" on the number of vehicles for an existing licensed taxi or limousine company that has made this transition.

This company, NPI Limo Service, LLC has operated throughout its probationary period with four (4) vehicles and is applying for transition to a Vehicle for Hire Company with this same number of vehicles.

Is this Business a TAXICAB Company?

Yes No

Taxicab or cab means a motor vehicle regularly engaged in vehicle transportation services and not operated on a fixed route and operating with a taximeter and with dispatch available 24 hours a day.

If Yes, Indicate the Taxicab Company Name:

Is this Business a PARA-TRANSIT Company? (see definition below)

Yes No

Paratransit taxicab means a taxicab equipped and operated exclusively for the provision of paratransit services.

Paratransit service means specialized transportation services only for wheelchair bound persons provided by a paratransit taxicab.

COPY

Wheelchair Bound Person means any person with physical or mental disabilities related to mobility issues, of such severity, that it temporarily or permanently eliminates their ability to legally drive a motor vehicle under the laws of the State of Iowa. This level of limited mobility would be noted by the requirement for an assistive device (wheelchair, walker or gurney, for example) to provide limited mobility. A cane, in and of itself, does not meet the degree of severity or limited mobility necessary to qualify as wheelchair bound. If the disability is of a temporary nature, once that person is able to meet the physical and/or mental requirements of the State of Iowa to become licensed to legally drive, that person would no longer be considered wheelchair bound.

If Yes, Indicate the Para-Transit Taxicab Company Name: _____
