Phil,

Please consider this an official request to the City Council to waive the 2nd and 3rd reading of the ordinance vacating the portion of the alley that exists on the above property. This request is being made to enable Polk County to proceed with final design, site plan, etc with City staff, neighbors and other stakeholders while remaining on schedule. In addition if you would be willing to facilitate a right of entry permit so we can begin removing debris that remains from the former school it would be greatly appreciated.

Thank you for all your assistance with this project.
