Angela R. Nemmers
4150 Maple St. Unit 1
Des Moines, Iowa 50317

Dear City Council Representatives:

Upon living in my new neighborhood since May 1, 2018, it has come to my attention through experience that E. University, between E. 32nd and E. 42nd, is in dire need of a pedestrian crossover bridge, just as University and Merle Hay Road has a crossover bridge for the two (2) schools in the area, for the students safety in crossing such a busy highway/street.

The traffic is overwhelming on E. University now that Pleasant Hill/Altoona/Prairie City are becoming the new destinations for living in surrounding area.

If pedestrian traffic is not on North side of E. University by E. 41st St., the sidewalk ends. It is much too difficult for foot, bicycle and scooter traffic to maneuver on the grass parking offered from E. 41st down to E. 30th and E. University.

Furthermore, I have witnessed persons in electric scooters difficulty in maneuvering the E. 30th and E. University intersection. Might the City Engineers Office please consider exploring changes for these two (2) issues in upcoming planning and budget sessions?

Thank You for your attention

Angela R. Nemmers
