## STAFF REPORT TO THE PLANNING COMMISSION

### I. GENERAL INFORMATION

1. **Purpose of Request:** The proposed rezoning would allow the appellant to seek a Conditional Use Permit from the Zoning Board of Adjustment that would allow the existing business to be reclassified from a restaurant use to a tavern use. As a restaurant, the business is currently required to derive at least half of its gross income from the sale of prepared food and food-related services. The applicant has indicated that they have had difficulty complying with this requirement.
2. **Size of Site:** 50 feet by 108 feet (5,400 square feet or 0.12-acre).
3. **Existing Zoning (site):** "R-3" Multiple-Family Residential District and "FSO" Freestanding Sign Overlay District.
4. **Existing Land Use (site):** The property contains a 40-foot by 23-foot (888 square feet) one-story commercial building, which is occupied by the University Library Café, which has been operating as a restaurant, and an off-street parking lot containing six (6) parking spaces.

**5. Adjacent Land Use and Zoning:**

**North** – “R-3”, Uses include University Avenue, single-family dwellings, and multiple-family residential.

**South** - “R1-60”, Use is a single-family dwelling.

**East** – “R-3”, Uses include 35<sup>th</sup> Street and a multiple-family dwelling.

**West** – “R-3”, Use is an undeveloped lot.

**6. General Neighborhood/Area Land Uses:** The subject property is located at the southwest corner of University Avenue and 35<sup>th</sup> Street. The University Avenue consists of a mix of residential and commercial uses that back up to low-density residential neighborhoods.

**7. Applicable Recognized Neighborhood(s):** The subject property is located in the Drake Neighborhood. This neighborhood association was notified of the public hearing by mailing of the Preliminary Agendas on December 28, 2018 and January 22, 2019, and Final Agendas on January 11, 2019 and February 1, 2019. Additionally, separate notifications of the hearing for this specific item were mailed on December 28, 2018 (20 days prior to the January 17, 2019 public hearing) and January 7, 2019 (10 days prior to the January 17, 2019 public hearing) to the Drake Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site.

All agendas and notices are mailed to the primary contact(s) designated by the recognized neighborhood association to the City of Des Moines Neighborhood Development Division. The Drake Neighborhood Association notices were mailed to Jennifer Sayers, 1129 28<sup>th</sup> Street, Des Moines, IA 50311.

The appellant held their neighborhood meeting on January 9, 2019. They will be available to provide a summary at the public hearing.

**8. Relevant Zoning History:** N/A.

**9. PlanDSM Future Land Use Plan Designation:** Low-Medium Density Residential Use, which is defined as “Areas developed with a mix of single family, duplex and small multi-family units up to 12 units per net acre.”

**10. Applicable Regulations:** Taking into the consideration of the criteria set forth in Chapter 18B of the Iowa Code, the Commission reviews all proposals to amend zoning boundaries or regulations within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in 414.3 of the Iowa Code. The Commission may make recommendations to the City Council on conditions to be made in addition to the existing regulations so long as the subject property owner agrees to them in writing. The recommendation of the Commission will be forwarded to the City Council.

## II. ADDITIONAL APPLICABLE INFORMATION

1. **PlanDSM Creating Our Tomorrow:** The applicant has requested that the future land use designation be amended from “Low-Medium Density Residential” to “Community Mixed Use”. Plan DSM describes this designation as follows:

*Small- to medium-scale mixed-use development, located on high capacity transit corridors or at the intersection of transportation corridors. Community mixed use areas include both a mix of medium density residential and a mix of retail and service establishments designed to attract customers from a large service area encompassing multiple neighborhoods and may include specialty retail that attracts regional customers.*

Staff finds that the “Community Mixed Use” designation is appropriate given the property’s location along University Avenue and that the proposed “NPC” Neighborhood Pedestrian Commercial District is in conformance with this designation. However, given the limited size of the property and the close proximity of residential uses, Staff finds that it is necessary to limit the permitted use on the property contained in the Staff Recommendation section of this report. As noted, Staff recommends that any tavern use on the property be required to have a kitchen and offer a full menu for food service at all times that the business is open to customers, as well comply with all requirements of the necessary Conditional Use Permit granted by the Zoning Board of Adjustment.

2. **Conditional Use Permit Requirements:** Should the rezoning be approved, any future use of the property for a tavern would be contingent upon the Zoning Board of Adjustment granting a Conditional Use Permit for such use. The subject property currently satisfies the separation distance requirements for a tavern since there is not a church, school, public park or licensed child care facility within 150 feet. The Zoning Board of Adjustment would evaluate such a request against the following standards:
  1. *The business conforms with the conditions identified in City Code Section 134-954(a).*
  2. *The proposed location, design, construction and operation of the particular use adequately safeguards the health, safety and general welfare of persons residing in the adjoining or surrounding residential area.*
  3. *The business is sufficiently separated from the adjoining residential area by distance, landscaping, walls or structures to prevent any noise, vibration or light generated by the business from having a significant detrimental impact upon the adjoining residential uses.*
  4. *The business will not unduly increase congestion on the streets in the adjoining residential area.*
  5. *The operation of the business will not constitute a nuisance.*
3. **NPC Design Guidelines:** Should the rezoning be approved, any future redevelopment of the property would be subject to review and approval by the Plan and Zoning Commission of a Site Plan and building elevations in accordance with the following NPC District Design Guidelines:
  1. *Buildings should frame the street and maintain a minimal setback from the street.*

2. *The front facade of the first floor of the building on the primary commercial street should have a ratio of at least 40 percent window and window display area to total street facade.*
3. *The front entrance should be oriented to the street. On a corner lot, the building should have a well-defined entrance on the primary commercial street.*
4. *Materials should be brick, stone, tile, stucco, or horizontal wood clapboard with a maximum width of six inches. Two-story buildings are encouraged.*
5. *Commercial buildings with over 50 feet of building frontage should have the appearance of being broken into separate bays of between 20 to 35 lineal feet using structural elements, fenestration patterns, protruding or recessed bays, or architectural details.*
6. *Building frontage should occupy at least 50 percent of the primary street frontage.*
7. *Off-street loading and parking spaces should be provided in compliance with sections 134-1376 and 134-1377 of the zoning chapter, subject to the following modifications:*
  - a. *The minimum number of off-street parking spaces is 60 percent of the number of spaces otherwise required by subsection 134-1377(a).*
  - b. *Parking should not exceed the amount otherwise required by section 134-1377 of this Code.*
  - c. *Parking should not use the front yard but should be concentrated along the side and in back of the building in the predominant pattern of character defining buildings.*
  - d. *Shared parking among businesses or between business and residential projects will be allowed, provided a shared parking plan is presented at the time of application, signed by the property owners, ensuring non-duplication of parking. The shared parking must be within 300 feet of the business or dwelling.*
  - e. *On-street parking directly adjacent to the occupant frontage shall count toward the minimum off-street parking requirement. Elimination of such on-street parking by the city shall have no effect on an approved Site Plan.*
  - f. *Tandem parking spaces shall count toward the minimum off-street parking requirement if a parking plan demonstrates that the parking will be for employees and will be occupied for over four hours between changes.*
  - g. *An emphasis of trees, shrubs and other plantings should be placed around the perimeter of any parking area and within large parking lots to create a more attractive area. The landscape plan should generally enhance the visual appearance of the building, parking area and any pedestrian areas.*
8. *The following bulk regulations should be observed:*
  - a. *Minimum lot area Mixed-use project, 10,000 square feet, No minimum requirement for permitted nonresidential uses.*
  - b. *Minimum lot area per dwelling unit multiple dwellings, 2,000 square feet.*
  - c. *Front yard: minimum of zero feet.*
  - d. *Side yards: minimum of zero feet.*
  - e. *Rear yard: None required, except when adjoining any R or C-0 district or portion of a PUD designated for residential use, in which case ten feet.*
  - f. *Height: minimum of 15 feet, maximum of 45 feet.*
  - g. *Number of stories:*
    - *Residential uses, a maximum of four stories.*

- *All other permitted uses, a maximum of two stories.*
- h. Signs, which are attached or projecting from the building and designed for the character of the building, are preferred. Monument signs are allowed.*
- i. Any extension of parking into an adjoining residential district shall support the intent of the NPC neighborhood pedestrian commercial district and conform with the guidelines in this section.*

**4. Permit & Development Center Comments:** Any renovation of the building must be in compliance with applicable Building and Fire Codes, with issuance of any necessary permits by the Permit and Development Center

## **SUMMARY OF DISCUSSION**

Reason for opposing or approving this request may be listed below:

The Drake Neighborhood Association voted in favor of supporting the rezoning of the library oak at their January 9, 2019, board meeting, to NPC. We look forward to working with them in the future.
