- b) The economic development incentives for the creation of the employment opportunities and development of the Improvements are provided by the City to Developer pursuant to the Urban Renewal Law and Chapter 15A of the Code of Iowa, and Developer's obligations under this Agreement to construct the Improvements will generate the following public gains and benefits: (i) it will advance the improvement and redevelopment of the Metro Center Urban Renewal Area in accordance with the Urban Renewal Plan; (ii) it will encourage further private investment to reverse the pattern of disinvestment and declining property values in the surrounding area; and, (iii) it will further the City's efforts to retain and create job opportunities within the Urban Renewal Area which might otherwise be lost.
 - c) The construction of the Improvements is a speculative venture and the construction and resulting benefits would not occur without the economic incentives provided by this Agreement.
 - d) The City Council believes that the redevelopment of the Property pursuant to the Agreement, and the fulfillment generally of the Agreement, are in the vital and best interests of City and the health, safety, morals, and welfare of its residents, and in accord with the public purposes and provisions of the applicable state and local laws and requirements under which the project has been undertaken, and warrant the provision of the economic assistance set forth in the Agreement.
