STAFF RECOMMENDATION TO THE P&Z COMMISSION

Staff recommends that the Commission find that the proposed rezoning is not in conformance with the PlanDSM Creating Our Tomorrow future land use map.

Staff recommends approval of the requested amendment to PlanDSM Creating Our Tomorrow Plan to revise the future land use designation from Low-Medium Density Residential to Neighborhood Mixed Use on property at 1157 26th Street.

Staff recommends approval of rezoning the subject properties from "MX1" Mixed Use District and "N5" Neighborhood District to "MX2" Mixed Use District.

STAFF REPORT TO THE PLANNING COMMISSION

I. GENERAL INFORMATION

1. Purpose of Request: The proposed rezoning would allow construction of a 4-story mixed-use development on the proposed site. The mixed-use development is proposed to consist of 136 residential units (65 micro, 43 studios, 12 one-bedroom, and 16 two-bedroom) and 6,000 square feet of commercial space. The proposed vacations would facilitate the development of the site.

2. Size of Site: 47,372 square feet (1.1 acre).

3. Existing Zoning (site): "MX1" Mixed Use District and "N5" Neighborhood District.

MX1 is intended for the mixed-use, neighborhood-scale nodes and corridors within the city, where daily uses are accessible by walking from surrounding neighborhoods.

N5 is intended to preserve the scale and character of neighborhoods developed with a mix of bungalow and two-story houses, predominantly in the Victorian Revival, and Arts and Crafts styles pursuant to House D building type.

4. Existing Land Use (site): The site consists of vacant land, a small metal structure, and public alley right-of-way.

5. Adjacent Land Use and Zoning:

North – “P2”; Use includes Drake University.

South – “N5”; Uses include single- and multiple-household residential.

East – “P2”; Use includes First Christian Church and parking lot.

West – “MX1”; Use includes a development under construction as a new hotel.

6. General Neighborhood/Area Land Uses: The subject property is located in Drake Neighborhood, which is an area consisting of a mix of single-household residential, multiple-household residential, office, commercial, religious, educational, and institutional uses.

7. Applicable Recognized Neighborhood(s): The subject property is located in the Drake Neighborhood. The neighborhood association was notified of the public hearing by mailing of the Preliminary Agenda on December 27, 2019 and by mailing of the Final Agenda on January 10, 2020. Additionally, separate notifications of the hearing for this specific item were mailed on December 27, 2019 (20 days prior to public hearing) and January 6, 2020 (10 days prior to public hearing) to the Downtown Des Moines Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site.

All agendas and notices are mailed to the primary contact(s) designated by the recognized neighborhood association to the City of Des Moines Neighborhood Development Division on the date of the mailing. The Drake Neighborhood Association notices were mailed to Jennifer Sayers, 1129 28th Street, Des Moines, IA 50311.

8. Relevant Zoning History: None.

9. PlanDSM: Creating Our Tomorrow Plan Land Use Plan Designation: Neighborhood Mixed Use.

10. Applicable Regulations: Taking into the consideration of the criteria set forth in Chapter 18B of the Iowa Code, the Commission reviews all proposals to vacate land dedicated for a specific public purpose, such as for streets and parks, to determine whether the land is still needed for such purpose or may be released (vacated) for other use. The recommendation of the Commission is forwarded to the City Council.

Taking into the consideration of the criteria set forth in Chapter 18B of the Iowa Code, the Commission reviews all proposals to amend zoning boundaries or regulations within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in 414.3 of the Iowa Code. The Commission may make recommendations to the City Council on conditions to be made in addition to the existing regulations so long as the subject property owner agrees to them in writing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. **PlanDSM Creating Our Tomorrow:** The applicant is requesting that the future land use designation for the property at 1157 26th Street to be amended from "Low-Medium Density Residential" to "Neighborhood Mixed Use". Plan DSM describes these designations as follows:

Low-Medium Density Residential: Areas developed with a mix of single family, duplex and small multi-family units up to 12 units per net acre.

Neighborhood Mixed Use: Small scale mixed use development typically located at the intersection of collector and/or arterial streets and along transportation corridors. Non-residential development is designed to serve the immediate neighborhood and include small retail, offices, restaurants, and service oriented development. Low-medium density residential may be included in mixed use development.

Staff believes it is appropriate to amend this subject property from Low-Medium Density Residential to Neighborhood Mixed Use as the proposed development indicates details that allow transition from University Avenue to the mix of single-household and multiple-household units within the neighborhood.

2. **Site Plan Requirements:** Any development would require compliance with all applicable site plan requirements. Applicable requirements include stormwater management, landscaping, and screening of adjoining residential properties. Any grading is subject to an approved grading permit and soil erosion control plan, as well as a Stormwater Pollution Protection Plan (SWPPP) approved by the Iowa DNR. Tree removal and mitigation calculations must be submitted with any site plan in accordance with Section 42-550 of the Municipal Code.
3. **Utilities:** While no utilities have been identified within the requested ROW, easements must be reserved for any existing utilities until such time that they are abandoned or relocated at the applicant's expense.
4. **Alley System:** The subject north/south alley right-of-way provides access to one-household and multiple-household units between University Avenue and Cottage Grove Avenue and is accessed from both streets. The proposed vacation would impact the ability to provide adequate access to the properties with vehicular access via this alley. The provided site sketch indicates that the developer intends to keep access open to the alley south of the proposed development to Cottage Grove Avenue and via a new paved driveway from 26th Street. Staff recommends approval of the requested vacations subject to reservation of any necessary easements to allow public access to the alley from 26th Street.
5. **Streets/Sidewalk:** There are no structures or individual property owners that would be impacted by the proposed vacation and restricted access. Any future use of the property is subject to compliance with zoning, site plan, and building regulations.
6. **Parking:** Staff notes that the currently proposed number of parking spaces is not compliant with the zoning Ordinance. Staff recommends rezoning of the property to MX2 (already a part of this request) and discussions with the city's engineering staff on how to achieve compliance.

Staff additionally notes that the proposed driveway from the parking lot to University Avenue does not include a pedestrian walkway and only two feet are available to provide that space. Staff notes that it is very likely even without a designated pedestrian walkway, pedestrians would still use this access regardless of provided safety measures. Staff recommends discussions with the city's engineering staff regarding appropriate design elements to facilitate safe use of this space by pedestrians.

SUMMARY OF DISCUSSION

Jacqueline Easley asked if any member of the audience or the Commission desired to speak regarding the item. None were present or requested to speak.

COMMISSION ACTION:

Greg Jones made a motion for approval of the proposed rezoning is not in conformance with the PlanDSM Creating Our Tomorrow future land use map, **APPROVAL** of the requested amendment to PlanDSM Creating Our Tomorrow Plan to revise the future land use designation from Low-Medium Density Residential to Neighborhood Mixed Use on property at 1157 26th Street and **APPROVAL** of rezoning the subject properties from "MX1" Mixed Use District and "N5" Neighborhood District to "MX2" Mixed Use District.
