APPROVAL of Part A) The proposed rezoning be found not in conformance with the PlanDSM Creating Our Tomorrow Comprehensive Plan, which designates the proposed rezoning area Low Density Residential.

Part B) Approval of the requested amendment to the PlanDSM future land use designation from Low Density Residential to Industrial Use since the Industrial designation should be focused in areas of the City that are already designated for those types of uses.

Part C) Approval of the rezoning of the property from "N3c" Neighborhood District and "I1" Industrial District to "I2" Industrial District to allow expansion of junk and salvage yard use subject to the following conditions:

- 1) Use of the property shall be limited to the following:
 - a) Any use as permitted and limited in the I1 District.
 - b) The storage of empty dumpsters associated with a legally established use located at the property currently addressed as 20 East 18th Street (District/Parcel 040/06209-000-000).
 - c) The parcels currently addressed as 1649 East Court Ave (District/Parcel 040/06218-000-000) and 1708 East Vine Street (District/Parcel 040/06223-000-000), and the interviewing alley right-of-way if vacated and assembled into the site, may be used for any use as permitted and limited in the I2 District.
 - d) If vacated and assembled into the site, the East Vine Street right-of-way that adjoins the parcel currently addressed as 20 East 18th Street (District/Parcel 040/06209-000-000) and the parcel currently addressed as 1708 East Vine Street (District/Parcel 040/06223-000-000) may be used for any use as permitted and limited in the I2 District.
- 2) Provision of a 25-foot wide landscape buffer along the East 16th Court frontage, from the south edge of the East Court Avenue right-of-way to the south edge of the East Vine Street right-of-way, to the satisfaction of the City's Planning and Urban Design Administrator, and provision of fencing that complies with Chapter 135 of the Municipal Code at the 25-foot setback to the satisfaction of the City's Planning and Urban Design Administrator.
- 3) Any use on the property shall be in accordance with an approved site plan.
- 4) A site plan for the property shall be submitted no later than December 31, 2022, and the property owner shall obtain approval no later than March 31, 2023.
- 5) The property shall be brought into conformance with an approved site plan by December 21, 2023.
- 6) Failure to comply with these zoning conditions may result in a City initiated rezoning of the subject property to a less intensive zoning district.

STAFF RECOMMENDATION TO THE P&Z COMMISSION

Part A) Staff recommends that the proposed rezoning be found not in conformance with the PlanDSM Creating Our Tomorrow Comprehensive Plan, which designates the proposed rezoning area Low Density Residential.

Part B) Staff recommends approval of the requested amendment to the PlanDSM future land use designation from Low Density Residential to Industrial Use since the Industrial designation should be focused in areas of the City that are already designated for those types of uses.

Part C) Staff recommends approval of the rezoning of the property from "N3c" Neighborhood District and "I1" Industrial District to "I2" Industrial District to allow expansion of junk and salvage yard use subject to the following conditions:

- 1) Use of the property shall be limited to the following:
 - a) Any use as permitted and limited in the I1 District.

STAFF REPORT TO THE PLANNING COMMISSION

I. GENERAL INFORMATION

- 1. Purpose of Request: The proposed rezoning request would allow the applicant to expand business operations on to a larger area to allow for uses granted by the Board of Adjustment through their existing Conditional Use Permit. The applicant is proposing expansion in four phases. The expansion includes a paved access along the southern boundary of the property, with storage area directly south of it. This drive access and storage extends east to west running up to Southeast Astor Street right-of-way. The applicant is also proposing a building for recycling purposes and a parking lot in future phases in the northern portion of the proposed rezone area.
- 2. Size of Site: 7.71 acres.
- 3. Existing Zoning (site): "N3c" Neighborhood District and "I1" Industrial District.
- **4. Existing Land Use (site):** Open space, equipment and roll off dumpster storage along the southern boundary, and two one-family dwelling units.
- 5. Adjacent Land Use and Zoning:
 - **North** "I2", "I1", "N3c"; Uses include auto repair shop, office, East Court Avenue and single family housing.
 - South "I1"; Uses include railroad right-of-way and a grain elevator.
 - East "I2"; Uses include auto repair shop and railroad right-of-way.
 - West "N3c": Use is single family housing.
- **6. General Neighborhood/Area Land Uses:** The subject property is located in an industrial area west of East 18th Street in the vicinity of multiple east/west railroad lines to the south and residential area to the north.
- 7. Applicable Recognized Neighborhood(s): The subject property is within the Capitol East Neighborhood. The neighborhood was notified of the meeting by mailing of the Preliminary Agenda to all recognized neighborhoods on April 29, 2022. A Final Agenda was mailed to the neighborhood associations on May 13, 2022. Additionally, separate notifications of the hearing for this specific item were mailed on April 29, 2022 (20 days prior) and May 9, 2022 (10 days prior to the scheduled hearing) to the Capitol East Neighborhood Association and to the primary titleholder on file with the Polk County Assessor for each property within 250 feet of the site.

All agendas and notices are mailed to the primary contact person designated to the City of Des Moines Neighborhood Development Division by the recognized neighborhood association. The Capitol East Neighborhood Association mailings were sent to Jack Leachman, 1921 Hubbell Avenue, Des Moines, IA 50316.

The applicant has held a neighborhood meeting and will be able to provide a summary of the meeting at the hearing.

8. Relevant Zoning History: The zoning history outlined below is for 20 E 18th Street, which belongs to the applicant and is directly northeast of the subject area.

On April 22, 2013, the City Council approved Ordinance Number 15,183, which rezoned the property to "M-2" Heavy Industrial District, subject to the following conditions:

- 1) Use of the property shall be limited to the following:
 - a. Any use as permitted and limited in the M-1 District.
 - b. Storage of inoperable machinery in accordance with a Conditional Use Permit as granted by the Zoning Board of Adjustment.
- 2) Any area used for outdoor storage of inoperable machinery shall be completely screened from view and shall be setback at least 100 feet from any public right-of-way.

On May 22, 2013, the Zoning Board of Adjustment by Docket Zon2013-00055 granted a Conditional Use Permit for a use in the "M-2" Heavy Industrial District that is not otherwise permitted in the "M-1" Light Industrial District. This allowed use of a paved area for outdoor storage of inoperable machinery, such as lifts and construction equipment, constituting a salvage yard. The approval was subject to the following conditions:

- 1. Any storage of inoperable machinery shall be in accordance with any necessary amendment to a Site Plan on file with the City's Permit and Development Center.
- 2. Any area used for outdoor storage of inoperable machinery shall be setback at least 100 feet from any public right-of-way and shall be screened by a solid fence with no more than three (3) driveway openings, each measuring up to 40 feet.
- 3. There shall be no dismantling of vehicles or equipment. Any future proposal for dismantling of vehicles shall require an amendment to the Conditional Use Permit by the Zoning Board of Adjustment.
- 4. The Conditional Use Permit shall be subject to amendment or revocation if the operation of the business becomes a nuisance or exhibits a pattern of violating the conditions set forth in the conditional use permit.

On October 2, 2013, the Permit and Development Center approved a Site Plan (10-2014-7.29) that identified where outdoor storage of inoperable machinery could occur and identified the necessary screening materials.

Since then, the business had been violating the Conditional Use Permit, as they placed inoperable vehicles on property owned by the City adjacent to the south. On December 16, 2016, the Zoning Enforcement Officer notified the business owner (Anthony Holt) that the Conditional Use Permit would be reconsidered by the Zoning Board of Adjustment. Since then, the applicant had removed all inoperable equipment that had been placed outside of their property.

On February 1, 2017, Roll Offs of Des Moines, LLC, applied for a rezoning of the property that could potentially resolve current zoning violations. On April 4, 2017, the City Council approved Ordinance Number 15,573, which rezoned the property from

Limited "M-2" Heavy Industrial District to amended Limited "M-2" Heavy Industrial District, subject to the following conditions:

- 1) Use of the Property shall be limited to the following:
 - a) Any use as permitted and limited in the M-1 District.
 - b) Any of the following uses so long as they are in accordance with a Conditional Use Permit as granted by the Zoning Board of Adjustment:
 - i. Storage of inoperable machinery and/or equipment, such as forklifts, trucks, and automobiles.
 - ii. Dismantling of equipment, such as forklifts, trucks, and automobiles.
 - iii. Recycling (including sorting and transferring) of waste materials, such as metals, wood, shingles, cardboard, and paper.
- 2) Any area used for outdoor storage of inoperable machinery, dismantling of equipment, or recycling of waste materials shall be completely screened from view and shall be setback at least 100 feet from any public right-of-way.

On April 26, 2017, The Zoning Board of Adjustment, by Docket ZON2017-00044, amended a Conditional Use Permit, which replace the conditions of approval provided by Docket ZON2013-00055:

- 1. Any storage of inoperable machinery, dismantling of equipment, and recycling of waste materials shall be in accordance with any necessary amendment to a Site Plan on file with the City's Permit and Development Center.
- Any area used for outdoor storage of inoperable machinery, dismantling of equipment, or recycling of waste materials shall be completely screened from view and shall be setback at least 100 feet from any public right-of-way.
- The Conditional Use Permit shall be subject to amendment or revocation if the operation of the business becomes a nuisance or exhibits a pattern of violating the conditions set forth in the conditional use permit.

On April 5 2022, the Zoning Inspector sent out a Notice of Violation for "noncompliance with the approved Site Plan 10-19-7.111 (including but not limited to: outdoor storage area and/or use of site has expanded beyond allowed areas and onto right-of-way parcel(s) and privately held parcel(s) to south and southwest of property, location of fencing/barriers does not comply with approved layout)."

9. Applicable Regulations: The Commission reviews all proposals to amend zoning boundaries or regulations within the City of Des Moines. Such amendments must be in conformance with the comprehensive plan for the City and designed to meet the criteria in 414.3 of the Iowa Code, and taking into consideration the criteria set forth in Chapter 18B of the Iowa Code. The Commission may make recommendations to the City Council on conditions to be made in addition to the existing regulations so long as the subject property owner agrees to them in writing. The recommendation of the Commission will be forwarded to the City Council.

II. ADDITIONAL APPLICABLE INFORMATION

1. PlanDSM Creating Our Tomorrow: The applicant has proposed "I2" Industrial District to be able to expand business operations on to a larger area and to allow for uses granted by the Board of Adjustment through their existing Conditional Use Permit.

The proposed "I2" Industrial District is not consistent with the current "Low Density Residential" land use designation. Plan DSM describes this designation as follows:

<u>Low Density Residential</u>: Areas developed with primarily single family and two family residential units with up to 6 dwelling units per net acre.

In order for the proposed rezoning to "I2" District to be in conformance with PlanDSM, the future land use designation must be amended to Industrial.

The Industrial designation is described as follows:

<u>Industrial</u>: Accommodates industrial development and limited supporting commercial uses. Development in this classification could have a large impact on adjoining properties and the environment which would need to be mitigated.

The Zoning Ordinance states that the "I2" District is intended for general and higher intensity industrial uses as well as warehousing and transportation terminals. Building types allowed in this district include the General Building, Workshop/Warehouse, Civic Building, and Principal-Use Parking Structure.

Staff believes that industrial uses should be located in areas of the City that are already designated for those types of uses. The subject property is located in an area that is generally industrial in nature. Though this is an appropriate location, single family housing is immediately north and adjacent to the proposed rezoning and appropriate mitigation measures are needed to minimize adverse impacts to the neighborhood. For I2 zoning, accommodating industrial uses could have a significant negative impact on adjoining properties if they are residential, environmentally sensitive, or other lower intensity uses. The applicant has also indicated a history of repeated zoning violations.

2. Planning and Design Ordinance: Any construction or change in use must comply with all applicable site plan and design regulations of the Planning and Design Ordinance (City Code Chapter 135). Furthermore, the applicant may be required to prepare a Site Plan and building elevations for any proposed additions or modifications for review before the property can be legally occupied by the proposed use.

SUMMARY OF DISCUSSION

Sreyoshi Chakraborty presented staff report and recommendation.

<u>Dan Drendel</u> asked why the 25-foot buffer is only suggested along the road frontage and not the adjacent residential parcels.

<u>Jason Van Essen</u> stated buffering requirements in Chapter 135 will be applied during the stie plan process to the entire site, which are less than the 25 feet. Once you get south of Vine Street, there is a lot of slope that makes that area unusable. Staff felt that the additional width of buffer area wasn't necessary along the entire perimeter of the site.

<u>Johnny Alcivar</u> asked how would city inspectors know what parcels are limited to a certain use and making sure that doesn't spill into the rest of the property.

<u>Jason Van Essen</u> stated planning staff works closely with the zoning enforcement staff when coming up with recommended conditions.

Anthony Holt presented submitted documentation to the commission.

<u>Carolyn Jenison</u> asked how he feels about staff recommendation.

<u>Anthony Holt</u> stated he would like more room for the proposed building, but they can work with the staff recommendation.

CHAIRPERSON OPENED THE PUBLIC HEARING

<u>Cat Bender</u>, 97 Johnson Court stated she's in support of this proposal as it would help manage the intense homeless population that live in the trees over the hill from her house.

<u>Cruz Mata</u>, 1533 East Vine Street stated he would like this request to be denied because he doesn't want to see another junk yard like the one that existed in the past. He believes cutting down trees would not eliminate the homeless. The proposal will only make it worse if we give them more junk to rummage through.

<u>Carol Maher</u>, 701 Polk Boulevard stated she would agree with previous comments about what would happen if you added more recycling to this area, also the environmental impacts it may have. She finds it odd that the house at 1657 East Vine Street still exists and the median along East 18th Street seems to get hit a lot.

<u>John Brown</u> 1615 East Vine Street stated he is concerned about his property retaining the excess storm water if something was to be constructed at 1613 East Vine Street. There are no storm drains in the area and 1613 East Vine Street currently holds that excess storm water.

<u>Julie Earls</u>, 110 SE 15th Street stated she doesn't have a problem with this proposal. She has witnessed Mr. Holt and his employees cleaning up garbage in the area and from what she understands, they will only be storing empty dumpsters.

Anthony Holt stated he and his employees have been committed to cleaning up the garbage the homeless leave behind. After they placed a fence along the back of their property, the police have been able to make multiple arrest due to trespassing. They plan to continue these efforts and extend the fence to the hill side.

Dory Briles asked for a summary of their neighborhood meeting.

<u>Anthony Holt</u> stated drawings were presented, they had 2 City Council members present and had the same conversations that took place here tonight.

<u>Johnny Alcivar</u> asked for clarification that this proposal extends to SE Astor Street and not SE 14th Street.

Antony Holt stated correct, they are not requesting to rezone beyond SE Astor Street.

CHAIRPERSON CLOSED THE PUBLIC HEARING

COMMISSION ACTION:

Carolyn Jenison made a motion for:

Part A) The proposed rezoning be found not in conformance with the PlanDSM Creating Our Tomorrow Comprehensive Plan, which designates the proposed rezoning area Low Density Residential.

Part B) Approval of the requested amendment to the PlanDSM future land use designation from Low Density Residential to Industrial Use since the Industrial designation should be focused in areas of the City that are already designated for those types of uses.

Part C) Approval of the rezoning of the property from "N3c" Neighborhood District and "I1" Industrial District to "I2" Industrial District to allow expansion of junk and salvage yard use subject to the following conditions:

- 1) Use of the property shall be limited to the following:
 - a) Any use as permitted and limited in the I1 District.
 - b) The storage of empty dumpsters associated with a legally established use located at the property currently addressed as 20 East 18th Street (District/Parcel 040/06209-000-000).
 - c) The parcels currently addressed as 1649 East Court Ave (District/Parcel 040/06218-000-000) and 1708 East Vine Street (District/Parcel 040/06223-000-000), and the interviewing alley right-of-way if vacated and assembled into the site, may be used for any use as permitted and limited in the I2 District.
 - d) If vacated and assembled into the site, the East Vine Street right-of-way that adjoins the parcel currently addressed as 20 East 18th Street (District/Parcel 040/06209-000-000) and the parcel currently addressed as 1708 East Vine Street (District/Parcel 040/06223-000-000) may be used for any use as permitted and limited in the I2 District.

- 2) Provision of a 25-foot wide landscape buffer along the East 16th Court frontage, from the south edge of the East Court Avenue right-of-way to the south edge of the East Vine Street right-of-way, to the satisfaction of the City's Planning and Urban Design Administrator, and provision of fencing that complies with Chapter 135 of the Municipal Code at the 25-foot setback to the satisfaction of the City's Planning and Urban Design Administrator.
- 3) Any use on the property shall be in accordance with an approved site plan.
- 4) A site plan for the property shall be submitted no later than December 31, 2022, and the property owner shall obtain approval no later than March 31, 2023.
- 5) The property shall be brought into conformance with an approved site plan by December 21, 2023.
- 6) Failure to comply with these zoning conditions may result in a City initiated rezoning of the subject property to a less intensive zoning district.

Tony Holt roll offs of Des Moines talked for more than hour on project and with over other question and in the end everyone was happy with the progress.

3. Suggestions and concerns raised by neighbors; and

Take 1611 E. Vine lot off rezoning. All our happy for it to continue to be green space and water retention. Wanted it safe for neighborhood. Roll offs of Des Moines is happy to take it off rezoning. All neighbors happy with traffic lay out. Also Neighbors happy with because of homeless problem has gone down because of traffic and security.

4. What specific changes, if any, were considered or made as a result of the neighbor meetings.

Remove 1611 E. Vine off Rezoning map make sure site is safe for neighborhood Empty Roll of Container storage was in site plan. Fence south of track to stop homeless coming off the Rail road. To whom it may Concern,

Roll offs of Des Moines, Tony Holt and son have been neighbors since we built in 1999. Over the past 23 years, we have worked together and have had a good relationship as neighbors. As their business has expanded, they have been able to buy up houses and buildings around them and the railroad land that was vacant. They have come to me and shown me their plans for expansion over the next few years. I am in favor of the zoning changes needed and building they want to build in their site plan. Looking forward to the new changes. Please reach out with any further question.
